BIRTHDAY SERENADE FOR NEIGHBOR

Yesterday was the 93rd birthday of Mrs. Emma Bodin of 16 Clorinda Avenue, San Rafael. And, as they've done each year since her 90th birthday, the 200-plus pupils at Short School next door turned out to serenade her and present her with handmade birthday cards. Mrs. Bodin gave her back yard to the school district to add to the playground when Short School was built in 1904, and has been a good neighbor to the thousands of children who have attended there since, never complaining when they knocked balls over the fence or ran across her lawn. Mob Burns 2 To Death In Algeria

ORAN, Algeria (UPI)—A Moslem mob today burned to death two European women in their automobile, killed a Moslem auxiliary policeman and injured three other Europeans including a child.

A police patrol which rushed to the scene of the terror outbreak in the "new city" Moslem quarter of Oran dragged the driver of the women's car alive from the flames. But later he was reported in grave condition.

Police said the mob deliberately prevented the occupants from leaving the car after they overturned it and set it afire.

The mob, about 200 strong, apparently was enraged by the appearance of the European car on the fringe of a crowd demonstrating in favor of the Algerian rebel National Liberation Front.

The demonstration sprang up among Moslems idled by a general strike being conducted as a sign of mourning for the late King Mohammed V of Morocco, whose funeral took place in Rabat today.

A Moslem was wounded by a bullet, but it was not immediately known whether police had opened fire.

Helmeted riot police and mobile gendarmes tossed tear grenades among the Moslems and succeeded in dispersing them.

The police threw a strong cordon around the Moslem quarter and clamped a curfew on the city.

Before the main force of troops reached the scene where the two European women died, the mob dashed to the Boulevard Mascara, on the edge of the European sector of this port city, where its members set fire to four unoccupied cars.

The mob stoned and injured a European youth passing by on a motor scooter and injured a small European child. They also killed a Moslem auxiliary policeman, but the circumstances of the slaying were not immediately known.

The outbreak was the first serious clash in several weeks in Oran.

Three Congo States Join In Pact Against Rebels

Dag Gives Warning: Don't Obstruct U.N.

UNITED NATIONS, N. Y. (AP) — Secretary-General Dag Hammarskjold warned Congolese President Joseph Kasavubu today that the United Nations will no longer permit its peace efforts to be blocked by political opposition.

In a letter to Kasavubu, Hammarksjold called for full cooperation of the Leopoldville government in averting a civil war. But he added that the United Nations has the strength and the determination to carry out its mission without such cooperation, if necessary.

"Those engaged in these measures on behalf of the United Nations cannot allow themselves to be forcibly deterred from carrying them out," he said.

The letter to Kasavubu was part of a report Hammarskjold made to the Security Council on steps he is taking to carry out last week's resolution authorizing use of U.N. force if needed to preserve order in the Congo. The Soviet Union has been pressing for a report.

Hammarskjold told Kasavubu that no conciliation is possible without the removal of all military forces from politics.

In addition, the secretary-general disclosed he had taken these additional steps to implement the Asian-African Congo resolution for setting up a broad Congo peace plan:

1. Warned Belgium it must take "immediate and effective action" to remove Belgian political and military advisers from the Congo.

2. Appealed to all U.N. member nations to see that no foreign mercenaries leave their

Threat To Central Capital Lessening

LEOPOLDVILLE (AP) — The central Congo government today signed a military pact with independent Katanga and the Kasai mining state for a united front against the leftist rebels. But a rebel threat to this capital seemed to be evaporating.

As the pact was signed in Katanga President Moise Tshombe's capital of Elisabethville, the United Nations reported that leftist rebels had pulled out of the Kasai provincial capital of Luluabourg while their spearhead at the frontier of Leopoldville Province had vanished.

The pact among the three frequently feuding regimes could lead to a political federation capable of challenging the Communist-backed regime of Antoine Gizenga, the dead Patrice Lumumba's political heir, in Stanleyville.

THREE SIGN

Premier Joseph Ileo, sent by President Joseph Kasavubu to Elisabethville to seek Tshombe's help, signed for the Leopoldville government. President Albert Kalonji signed for his independent mining state of Kasai Province. Tshombe signed for Katanga.

One clause of the agreement said the signatories "are determined to solve their problems themselves and will not accept any outside intervention."

PRIVATE TALK

Kasavubu had a private talk with G. Mennen Williams, touring U.S. assistant secretary of state for African affairs. He was said to have told Williams that the Congolese government is not waging a cold war against the United Nations.

Williams assured Kasavubu of President John F. Kennedy's continued support for the Leopoldville government against the Stanleyville regime. Kasavubu was said to have asserted his will to cooperate with the United Nations if it consults with and works with the Congo central government.

Kennedy Lays Down Plan To Finance Roads

Would Place More Of Superhighway Burden On Trucks

WASHINGTON (AP) —President John F. Kennedy today proposed a tax formula for financing superhighways by placing a greater share of the burden on big trucks.

The president, in a 3,500-word special message to Congress, said his pay-as-you-go plan would complete 41,000 miles of express roads by 1972 without resort to a higher federal gasoline tax.

NO TAX CUT

However he said Congress should not permit a scheduled June 30 reduction in the gas tax from four cents a gallon to three cents. And he added that of his proposals for heavier levies on trucks are rejected, Congress should be prepared to increase gasoline taxes on all users.

Kennedy's plan would boost taxes and fees on heavy trucks, diesel fuel, tires, tubes and retread rubber. While truckers would bear the brunt of these, Kennedy said even so they would not pay "their fare share of the cost of this program."

In arguing the merits of superhighways, Kennedy said they will save each year at least 4,000 lives, 42,000 years of travel time and nine billion stops for red lights and intersections.

PROGRAM VITAL

Declaring the road program vital to the nation's security, safety and economic growth, Kennedy said "I am wholly opposed to either stretching out or cutting back" the work. He was equally emphatic about paying for the job out of revenues from taxes on highway users without dipping into general funds and unbalancing the budget.

The president said the road program is in real peril because of a threatened shortage of funds. He said that if the job is to be finished on schedule federal revenues must be increased by 900 million dollars a year after June 30. Otherwise, he said, the program will take an extra five years.

KENNEDY HITS BILLBOARDS ON SUPERHIGHWAYS

WASHINGTON (AP)—Decrying billboards along new superhighways, President John F. Kennedy said today that if the states don't regulate them it may be necessary to adopt federal controls or a special billboard tax.

In a special message to Congress on highways, Kennedy urged that the states be given a bigger incentive to adopt their own control programs.

U.S. Acts To Freeze Ingo's Bout Receipts

WASHINGTON (UPI) — The government charged today that former world heavyweight champion Ingemar Johansson of Sweden owes the United States $598,000 in back taxes. It moved to freeze box office receipts from the impending championship fight at Miami.

The Justice Department announced that the government asked federal district courts at both Miami and New York today to freeze funds payable to Johansson for his comeback engagement with Floyd Patterson on March 13.

The action was taken after Internal Revenue Service agents served Johansson with a demand for the back taxes at his training camp at West Palm Beach, Fla.

The revenue service has been engaged in a dispute with Johansson over his tax status for some time.

Slaying Suspect Caught

TOMS RIVER, N.J. (UPI)—Fred Thompson, 59, the chief suspect in the New York sex-killing of 4-year-old Edith Kiecorius, was captured here today and state police said he had confessed the slaying.

HAFB Stages Mock Nuclear Plane Crash

Hamilton Air Force Base fire-fighters yesterday raced to a simulated crash of a burning F-101 jet carrying a nuclear weapon.

The exercise was part of a surprise alert called by Air Defense Command inspectors from Colorado Spring, Colo., who arrived unexpectedly on the base yesterday.

The F-101 was just landing when inspectors called the Hamilton control tower to report a simulated "Broken Arrow," code name for the crash of any plane carrying nuclear weapons. The F-101 supposedly was on fire while carrying nuclear-armed rockets. Fire-fighters, decontamination squads with Geiger counters, rescue teams and ambulances responded.

Some time today, the base was to go on an all-out alert meaning all civilian dependents and non-essential military personnel will head for bomb shelters.

Unification Of Tomales High Districts Urged

Unification of the Tomales Joint Union High School District with the elementary school districts within it was recommended last night by the Marin County Committee of District Organization.

Elementary districts within the high school district include Marshall, Tomales Union and West Marin in Marin County; and Bloomfield, Potter, Watson, Bodega Bay and American Valley in Sonoma County.

Only "no" vote on the unification plan was cast by the Potter district, which is voting an annextion to the Harmony Elementary School District in Sonoma County on April 18. Withdrawal of the Potter district would remove $540,450 in assessed valuation from the proposed district, which has an assessed valuation of $12,144,455.

Unification plans would call for construction of a new school within the district which would house grades one through eight and accommodate 139 pupils.

The committee also recommended the district be set up

Burglars Muff Try At Jewelry Theft

Burglars, apparently cowering in an adjacent shop, remained undiscovered last night while San Rafael police investigated a burglar alarm at Michael A. Gorb Credit Jewelers, 1115 Fourth Street.

The burglars had hacked two holes in a wall of the Central Barber Shop at 1117 Fourth Street in an attempt to get into the jewelry store next door.

One hole rammed into the cement blocks behind the jewelry store safe. The other was chopped behind the jewelry counter.

Police responded to an alarm of something wrong at the jewelry store at 7:47 p.m. Officers A. M. Newman and Leland Ahern sped to the scene, while the dispatcher called Michael A. Gorb of 335 Fairhills Drive, the owner.

"I've got to the store in less than five minutes," Gorb said. "The officers were waiting for me. We looked around inside and couldn't find anything wrong."

Gorb closed the store again at 9 p.m.

At 8:15 a.m. today, Jack Spence opened his barber shop next door and found plaster, wall paper and chunks of wood scattered over the floor of the back room. He called police.

The burglars smashed the rear window of the barber shop, reached inside and opened the back door, police said.

They used a small hatchet and a hammer belonging to Spence in their attack on the wall. They hacked an 18-inch wide hole through the wood

San Anselmo Home Hit By $3,300 Blaze

An unemployed construction worker and his family lost furniture, clothing and other possessions when a $3,300 fire broke out yesterday in the San Anselmo home into which they had begun moving during the weekend.

A 6-year-old child was the first to report the fire.

Mr. and Mrs. Donald A. Travis and Travis's two children by a former marriage, Rochelle Clark, 9, and Dell Clark, 8, were seeking someplace else to stay after being put up by the Red Cross last night at the San Rafael Inn.

San Anselmo firemen blamed the blaze which swept basement, living room, bedroom and attic of the hillside home at 126 Floribel Avenue to a sofa cushion having been left on a floor heater.

Mr. and Mrs. Travis began moving their possessions into the home from a Fairfax apartment on Saturday, reported Mrs. O. R. Kobert, co-owner with her husband of the Floribel Avenue home. They slept Sunday night in the partially furnished home and left about 8 a.m.

At 3:30 p.m. yesterday, Judy Olsen, 6, daughter of Mr. and

Living Costs Take Drop For 1st Time In Year

WASHINGTON (AP) — Living costs declined slightly in January—the first drop in 12 months.

The Bureau of Labor Statistics reported today by its consumers price index dropped by a tenth of 1 per cent because of lower prices for clothing, used cars, eggs, milk, fresh fruits and tomatoes.

The index fell to 127.4 from December's record level of 127.5. In the index, 100 represents average prices in 1947-49.

Despite the drop from December, January prices were 1.6 per cent higher than in January 1960. The index rose in every month last year except August, when it held steady.

Because prices did not rise in January, there will be no change in wages of about a million workers in the auto industry and related fields whose pay is adjusted to the living cost index.

Robert J. Myers, BLS deputy commissioner, attributed much of the January price drop to weather conditions, although adding that a recession decline in demand doubtless had some effect.

In a separate report, the bureau said the spendable earnings and buying power of factory workers were virtually unchanged in January.

Hopes Rise For Swift End To Algeria War

PARIS (AP)—Hopes rose today for a swift settlement of the costly six-year-old Algerian war as President Charles de Gaulle and Tunisia's President Habib Bourguiba wound up their crucial talks on a confident note.

After a day of closed-door meetings in de Gaulle's heavily guarded chateau in suburban Rambouillet, the two leaders said in a communique last night they agreed possibilities exist for "a rapid and positive" settlement of the bloody conflict.

Bourguiba, who left by plane today, was to stop off at Rabat for the funeral of Morocco's King Mohammed V. While there he is expected to report on his talks to Ferhat Abbas, chief of the nationalist Algerian regime and other leaders of the National Liberation Front (FLN) also attending the funeral.

Before leaving Paris Bourguiba predicted an early break in the Algerian deadlock.

I have the impression," he told newsmen, that a great step forward has been taken. In a few days, I do not mean in a few weeks, there should be something new."

Bourguiba's contact with de Gaulle may set the stage for direct negotiations between the French president and the FLN which could end the Algerian conflict which has disrupted France's economy and military planning. The war has cost France one million dollars a day, tied up 400,000 of her troops and claimed the lives of 13,000 French soldiers

Bourguiba and de Gaulle put out their guarded, but hopeful communique after more than four hours of discussions.

The Tunisian president is well equipped for the delicate mission of bringing France and the rebel leaders together. With the Algerians' political and military headquarters based in Tunis, he has the confidence of most rebel leaders and also of de Gaulle.

Waning Rains Lessen Dixie Flood Danger

By ASSOCIATED PRESS

The danger of new flooding in the stricken areas of the South lessened as the Weather Bureau predicted rains today would be less than had been anticipated.

But the floodwaters receding from the hard-hit inland cities posed a threat to areas farther south.

The rains, which moved into Louisiana and Mississippi last night and spread across Alabama and Georgia today, were expected to be much lighter than had been originally forecast. The Weather Bureau in Atlanta said the rain would be mostly showers and very light except in north Alabama, north Georgia and Tennessee where it would be moderate.

The new flood danger area extended from Jackson, Miss., across to Bainbridge, Go. Residents fled lowlands around the Mississippi capital city last night as the crest moved down the Pearl River.

President John F. Kennedy designated most of the flood-ravaged area as a major disaster area, eligible for federal aid.

New Minister Appointed By Novato Church

Rev. Claire (Pete) Croughan, pastor of the Presbyterian Church in Augusta, Kan., has been named pastor of the Novato Presbyterian Church.

Rev. Croughan met members of the congregation Sunday at the church. He will replace Rev. Howard Swartz, who has resigned. Rev. Frank Raney has been interim pastor.

Rev. Croughan was born in South Dakota and was brought to California by his family shortly as a small child. He earned a bachelor of science degree at University of California at Berkeley, studying engineering and bacteriology. He became an engineer with a gas company, later becoming an engineering contractor. During World War II he was in the Navy as an aviation ordnance officer in the Pacific.

He earned his bachelor of divinity degree at San Francisco Theological Seminary in San Anselmo in 1957. His first pastorate was in Kansas, to open a new parish and direct building of a new church.

Mrs. Croughan is also a graduate of University of California. They have six children, and will reside at 7 Estates Drive when they come to Novato in July.

Billy Loes finished 21 games during his 37 relief appearances with the San Francisco Giants last season.

INEPT BURGLAR GANG CAN'T BREAK EVEN

LONDON (AP) — A police spokesman said today a gang of burglars operating in Nottinghamshire "doesn't even appear to have covered their expenses."

Nnie days ago they used too much explosive to blow up the safe at an auto shop. They blew off the roof.

Then they tried to blow open the strongroom at a brewery in Kimberly and overturned an oil heater causing a fire.

Yesterday they cut their way into a bank vault at Daybrook, but their oxy-acetylene torches set the bank on fire. The bank is located next door to the firehouse. The bungling burglars fled just before the firemen arrived.

The three burglaries brought a total loot of $14.

Rapist-Robber Sentenced To Prison Term

Lemone Brown, 33-year-old garbage collector, was given prison sentences ranging from one year to life in Marin County Superior Court today for raping and robbing a Mill Valley teacher.

Brown, who lived in Richmond, was convicted last Wednesday.

Judge Leonard A .Thomas, sitting in superior court, yesterday denied a motion by Public Defender Peter Allen Smith for a new trial.

He sentenced Brown to three years to life for rape, one to 10 years for felonious assault, one year to life for second degree robbery and one to 15 years for sex perversion. The sentences are to run concurrently.

Brown, who has already served two San Quentin Prison terms for burglary and escape, was convicted of breaking into the woman's home about 2 a.m. last Dec. 17 and forcing her to submit under threat of death. He stole her purse containing about $30.

A jury of six men and six women deliberated eight hours before finding Brown guilty on all counts.

NEW INVASION CHARGE

Cuba Hurls Stiff Barb At Kennedy

HAVANA (AP)—Fidel Castro's government launched an all-out attack on President John F. Kennedy's administration today and charged anew the United States is plotting to overthrow the Cuban strongman.

The blistering attack was contained in a lengthy note sent last night to Latin-American foreign ministers.

The Cuban note recalled the invasion charges Castro hurled at the Eisenhower administration a few months ago. Washington denounced those charges as a coverup to divert the Cuban people's attention from economic troubles at home.

Foreign Minister Raul Roa charged the United States with plotting a two-fold plan to bring down the Castro regime.

The first phase would be an attempt to overthrow Castro before the conference of Western Hemisphere forfeign ministers in Quito May 24.

If that fails an alternative plan would create conditions for indirect military aggression masterminded by the Pentagon and the Central Intelligence Agency. This would be masked by a declaration of war against Cuba by Guatemala, Nicaragua or Peru that would permit the setting up of a beachhead on Cuban soil. An artificial provisional government then would be set up in Cuba and probably receive direct military aid.

The Cuban note charged the "political architects" of the plot were Adolf A. Berle Jr., head of Kennedy's special inter-department task force to Latin America; Thomas Mann, assistant secretary of state for inter-American affairs, and Mann's deputy Arturo Morales Carrion of Puerto Rico.

Castro has accused the United States of aiding counter-revolutionary forces who have been showing increased activity in Cuba.

The latest incident occurred yesterday when an army captain described as bodyguard for Ernesto Guevara was killed near the economic chief's house.

The government denied the shooting was an attempt to assassinate Guevara himself, but Cuba's newspapers and radio stations were ordered to suppress the story for hours.

Novato May Hire Works Boss Tonight

Novato City Councilmen are expected to come to a decision tonight on hiring a city public works director.

A council committee interviewed two candidates for the post more than a week ago. One candidate remains in the running today, though asking more than the $675 monthly the city was offering for a beginning salary.

Also up for consideration at the council meeting tonight will be setting of hearing dates for consideration of annexation of 46 acres of land to the city. The State Boundaries Commission has approved the boundaries of the land owned by Mr. and Mrs. Aaron Schwartz and Mr. and Mrs. Carl Schwartz of San Rafael.

Annexation would open the way to further annexing of almost 1,200 acres of land to the north of the city, now relatively uninhabited, but planned for residential development. The Schwartzes, also have said they plan residential construction.

The council meeting will begin at 8 o'clock in the city hall.

School Chiefs Air Teaching Of Languages

SAN FRANCISCO (AP) — The teaching of foreign languages in the elementary grades is here to stay, and the schools may as well make the best of it.

That appeared to be the consensus of superintendents who heard the issue debated at the convention of the American Assn. of School Administrators yesterday.

Those who are reluctant to start such programs in their schools aren't against foreign languages, or progress in education. They pose a practical question: Where do we get the teachers?

Dan T. Dawson of the California Elementary School Administrators Assn., argued that foreign language instruction should not start before the seventh grade.

"We hear on all sides," he said, "that an understanding of foreign languages is important for international understanding of other cultures . . . and as preparation for high school and college.

"But the first three of these are too complex for elementary school children. Enrichment experiences can be more effectively developed in art, music and social studies programs. And we must never look upon the elementary school as just a stepping stone to high school and college."

Dawson said, "We don't have the teachers, and we aren't about to get them."

Prof. Charles W. Lovy of Contra Costa College, San Pablo, said in reply: "If foreign languages are to be taught at all effectively, they must be taught in the elementary schools. We now postpone this teaching until the pupil is no longer able to learn rapidly and efficiently."

Quite A Surprise

HANFORD, Kings County, (AP) —Turkey rancher Bob Williams answered the telephone and got a surprise. On the other end was President John F. Kennedy.

But the call was brief. The president had reached the wrong Williams. The call was switched promptly to another Bob Williams of Hanford, a state senator.

LONG BEACH (AP) — Flying grandpa Max Conrad is winging over the Pacific today in a twin-engine plane in search of an around the world record for light piston-engine planes.

Conrad, 58, stopped for several hours at Long Beach, after a first leg flight from Miami, Fla. Then he took off in his Piper Aztec for Honolulu. Conrad plans to circle the earth in seven days, thus beating the 1959 record of the late Peter Gluckmann, who flew 24,456 miles in 29 days.

8-POINT ATTACK

Brown Proposes Drug Program

SACRAMENTO (UPI) — Gov. Edmund G. Brown proposed today an eight-point program to meet the challenge of narcotics.

In a detailed policy statement, the governor said stiffer penalties are needed to punish narcotics violators. But he warned he would veto any bill which would repeal the Cahan ruling, a Supreme Court decision holding that evidence illegally obtained by police cannot be used in a trial.

The governor also said he would veto any bill to legalize wire tapping.

On the positive side, Brown proposed to the legislature this program:

1. A substantial increase in prison terms and penalties as contained in measures by Assemblyman Clayton A. Dills (D-Gardena) and Sen. Edwin J. Regan (D-Weaverville). Both bills would retain the power of the courts to grant probation to first offenders.

2. Creation of a new offense, possession for the purpose of sale. He said this should call for a stiffer sentence than mere possession of narcotics.

3. Legislation to protect informants by allowing police to obtain search warrants without dislosing informants' indentity except to the judge himself. Defense attorneys would not have access to the informants's name except on a showing or planting or entrapment.

4. Legislation authorizing service of search warrants both day and night.

5. Legislation requiring persons convicted of narcotics offenses to register for a period of five years after their release.

6. Revocation of driver's licenses of convicted narcotics offenders.

7. An increase of $183,000 to the attorney general's office for "further intensification" of the anti-narcotics fight. Brown did not elaborate on this point in his prepared statement.

8. Creation of a state narcotic detention and treatment facility. The governor said the state was negotiating now with federal officials in hopes of obtaining a surplus naval hospital at Norco in Riverside County as the site for the clinic.

Law enforcement officers have campaigned vigorously for repeal of the Cahan decision ever since it was handed down by the high court on a 4-3 decision in 1955. They argue it has hampered the efforts of police to get evidence on narcotics peddlers.

"I want to make it entirely clear that I will veto any legislation, in whatever form, that impinges on the constitutional protections in the area of search and seizure," he said.

"To be quite specific, I would, for example, veto a legislative repeal of the so-called 'Cahan case' rule."

The governor did say that he would accept one proposed modification of the Cahan rule —he would agree to extend the permissible area of search to automobiles.

On wire tapping, advocated by some officers and district attorneys as a necessary tool in the war against narcotics, Brown had this to say:

"Regardless of what may be the technical, legal or constitutional issues of such legislation, I will veto any bill which extends the government's listening ear into the citizen's telephone."

ROW OVER LOBBYIST

Solons Told Of Loophole In Public Right To Know

SACRAMENTO (UPI) — The legislature was told yesterday no laws prohibit informal meetings of legislative committees at which the press and public are barred.

Ralph N. Kleps, legal adviser to the legislature, told an Assembly committee on legislative representation that under existing laws there is no provision that pending legislation can be discussed only at public meetings.

Kleps also advised the committee that if it denied a credential to a lobbyist, he still could attempt to influence legislation.

Assemblyman Carl A. Britschigi (R-Redwood City), committee chairman, called a hearing to investigate newspaper stores that the Assembly Public Health Committee met last week in the suite of Ben Read, a lobbyist for the Public Health League, and decided to sidetrack a bill by Assemblyman Ronald B. Cameron (D-Whittier) which would open certain hospital records to the public.

Cameron did say he walked into the suite and heard Read say "What action did you take on the Cameron bill?"

"I was shocked," Cameron said. "It was a personal affront to me and to the clients he represents."

Assemblyman William Byron Rumford (D-Berkeley), chairman of the Public Health Committee, said members of his committee met regularly in Read's suite for lunch.

"But it is a sad situation to call this a sinister move," he said. "I don't remember Ben Read saying what was in the newspaper story, but I'm not saying he didn't. But I do say no decisions about bills are ever made at those meetings."

Rumford also denied that Cameron's bill was dead. He said it was sent to a subcommittee which would give it further study.

DEADLOCK ON PAY

Supervisors Tangle In Resignation Row

A confusing tangle developed yesterday when the Marin County Board of Supervisors tried unsuccessfully to cope with the resignation squabble between Deputy County Clerk D. T. (Trent) Cleveland and Clerk George S. Jones.

The one board action was to deadlock 2-2 on a motion to award Cleveland two weeks severance pay.

Cleveland said he had given two weeks notice and was entitled to that much more work and pay. Jones said Cleveland had quit and been paid off, also that he could not return, an action described by the board chairman as "dismissal."

Though there was much talk of putting the case before the personnel commission, the board failed to make referral suggested by the administrator.

It was agreed today by Julius H. Selinger, chairman of the personnel commission, and County Administrator Alan Bruce that this did not preclude appeal to the commission by Cleveland.

Cleveland appeared to put his side of the case to the board by letter and in person, and Jones also replied by letter and verbally.

Chairman William D. Fusselman found difference between the two only on the point that Cleveland had said he wished to give two weeks notice while Jones wanted termination forthwith.

"He has resigned," Jones told the board. "I wouldn't let him back."

"You've told the board you're not going to have him in your office. You've dismissed him," said Fusselman.

Jones disagreed.

"I'm going to recommend that this be referred to the personnel commission," said Fusselman.

"I give notice to the board at this time that I'm not going to be a party to any such hearing," retorted Jones.

Fusselman read sections of the Merit Act and told Jones, "I think the ordinance should be followed."

Supervisor Walter R. Castro said "a man who has had six years with the county should be considered" and moved payment for two weeks.

This was seconded by Supervisor William Gnoss. But Supervisor George Ludy voted "no," as did Fusselman.

Jones declared he had considered Cleveland's service unsatisfactory "for several years" but had taken no action because of his employee's family obligations. When the resignation was offered, he said, "I told him no notice was required and his resignation was being accepted forthwith."

After the deadlocked vote Fusselman suggested that Jones prepare a letter to the personnel commission but Jones said: "I don't think that is necessary. Mr. Cleveland can go to the superior court. It is my contention that this board has no jurisdiction for the man has resigned."

Fusselman expressed the "earnest opinion that it should go to the personnel commission" but said "we are at a stalemate."

After short indecision the board proceeded to other business despite a final appeal by Cleveland, "I want to know what to do," to this Fusselman replied, "Jones says you can go to court."

Body Of Bay Drowning Victim Found

The body of an 18-year-old Emeryville youth, who toppled off a boat near Angel Island 25 days ago, was found floating off Yellow Bluff near Sausalito this morning.

From identification papers in a wallet, sheriff's deputies identified the body as that of Brian Peter Regallie of 4115 Adeline Street, Emeryville. The body was clad only in a pair of jeans and sneakers. The wallet, in a trouser pocket, was intact.

Fishermen aboard the boat Norene sighted the body shortly before 7 a.m. today. They radioed the Coast Guard, which pulled the body to shore at Ondine's Pier in Sausalito.

Lt. Sidney Stinson of the sheriff's office made the identification and turned the remains over to Coroner Frank J. Keaton.

Regallie vanished about 8 p.m. on Feb. 3 while riding on a boat headed from Tiburon to Berkeley. He had been riding in a power boat owned by Kenneth L. Schumacher of Oakland with another boy, Richard A. March of Oakland.

Lieutenant Stinson said the youths had a few drinks at at Tiburon, then headed for Oakland. Regallie apparently became ill en route and fell overboard.

Paternity Suit Accuses Restaurateur Campbell

Wyman F. (Bob) Campbell, whose string of restaurants includes Bob's of Marin, was named as the father of her unborn child in a suit filed yesterday by a London-born former waitress at his Corte Madera eating place.

Mary Frances Leonard, 34, alleged in her suit filed in San Francisco Superior Court that she and Campbell, 57, had been lovers for over three years. Their affair began, she said, in June, 1957, shortly after she went to work at Bob's of Marin.

She left Campbell's employ to become a waitress in a San Francisco drug store, but her intimate relationship with her former employer continued, she alleged. He called often at her San Francisco apartment, and she often accompanied him on is 65-foot yacht, the Folly.

But recently, she said, he had suggested she go to Southern California and live with friends, "and he would send me money."

Instead, Miss Leonard filed a petition asking $500 a month temporary support for the child, which she expects in June; $750 for medical expenses, $350 for court costs, and $2,500 for her attorney, Allen Spivock. Judge Joseph Karesh issued an order restraining Campbell from disposing of his assets and directed him to appear March 16 for hearing.

Campbell, who has been divorced since 1951, is president of the Golden Gate Restaurant Assn.

Miss Leonard has left her San Francisco apartment and is staying with friends in Sausalito.

Claude J. Rich, 34-year-old chef of 912 Railroad Avenue, Novato, was booked in the Marin County Jail yesterday on charges of passing almost $300 worth of bad checks.

Rich is accused of passing a bogus $175 check for a down payment on a 1954 sedan on Jan. 26 at the Francisco Used Car Sales, 637 Francisco Boulevard, San Rafael, and a $117 fictitious down payment on Feb. 3 on a 1953 station wagon at Marin Triumph, 365 Francisco Boulevard.

He was arrested Sunday by Vallejo police and returned to San Rafael last night by Inspector Nick Giampoli and Sgt. Lincoln Borba.

Rich is on parole from Washington State Prison where he served a two-year term for grand theft. He was being held in lieu of $1,575 bail today.

This second hole was almost large enough to get a hand through behind the jewelry counter.

Before leaving the barber shop, the burglars stole about $20 from a drawer in the front room.

Spence said it was the first burglary at his barber shop since he opened the shop 25 years ago. It was the first attempt to break into the jewelry store since it moved in six years ago.

Slash In Drug Tax Passed By Assembly

I-J Special Report

SACRAMENTO—The Rumford bill to give sales tax relief to purchasers of prescription drugs passed the Assembly today by a 71 to 5 vote.

First, the Assemblymen voted down, 32-46, amendments by Assemblyman John A. Busterud of San Francisco which would have broadened exemptions to include all medically prescribed devices such as eyeglasses, crutches and back braces.

Assemblyman W. Byron Rumford of Berkeley moved his bill, which would save taxpayers $6,750,000 annually, despite a decision by the Senate Revenue and Taxation Committee yesterday that all tax cut proposals would be delayed until after passage of the state budget, probably in May.

The committee acted when Marin Sen. John F. McCarthy's bill to grant tax exemptions on all medicines and medical devices came before them.

McCarthy delayed a hearing on his bill for two weeks, indicating he might amend it to conform more closely with Gov. Edmund G. Brown's request for the tax cut on medicines only.

FIRE

Continued from page 1

Mrs. Marvin Olsen of 124 Floribel Avenue, told her mother, "The house next door is on fire."

Mrs. Olsen called the San Anselmo Fire Department, which responded with two trucks manned by 10 regular firemen and six volunteers.

Firemen found the sofa cushion on a floor furnace which had remained lighted, said Fire Chief Nello Marcucci.

Two firemen suffered minor injuries fighting the blaze, but neither required hospitalization. William Sousa twisted his ankle climbing the steep hill, and Steve Norris bruised his knee.

Previous salary schedule was from $4,500 minimum salary to $7,665 maximum.

Supt. Marcus F. Davis said a preliminary budget hearing will be held March 15.

HOME WITH TROPHY—Terra Linda High School's five delegates to Model United Nations at University of California proudly display trophy they won for representing Cyprus at the event. Terra Linda High Wins Trophy At Model U.N.

Terra Linda High School, the only school out of 87 entered to have only freshmen and sophomores represented, won a third place award at the ninth annual high school model United Nations sessions in Berkeley.

Terra Linda, in its first year of existence, represented the island of Cypress. Five delegates and five observers were on the Terra Linda team. The Friday and Saturday activity at California University drew approximately 800 students from California high schools.

Three awards were given to the schools representing major powers and three awards (one of which Terra Linda won) were given to schools representing minor powers.

The five delegates were Judy Knotts, Julie Drummond, Peter Thon, Jeff Moss and Frank Lindsey. Albert Gautraud, head of the social studies department at Terra Linda, was the adviser. The five observers were Tom Goff, Sandra Eganberger, Maureen Beckstead, Richard Lavaro and Susan Nutt. Adviser for the observers was teacher Scott Hayes.

In all, 32 Marin County high school students were delegates and observers for the sessions sponsored by the International Relation Board at the University of California.

Stolen Car Found

A 1949 convertible stolen from De Long Chevrolet Co., 550 Francisco Boulevard, San Rafael, was found abandoned over a bank on the Irwin Street extension near Bret Hart Heights by two small boys yesterday. Arthur J. McDevitt, sales manager for De Long's, said the car apparently had been stolen from the used car lot on Saturday night.

Stenographer Leaving

Rae Price, legal stenographer with the district attorney's office for four and one-half years, announced today she will resign because she is expecting a child. A successor has not been named as yet.

SUIT BLAMES EPILEPSY ON TAINTED MEAT

CLEVELAND, Ohio (UPI)—An Ohio woman, who claimed she developed epilepsy from eating spareribs packed by Swift and Co., today filed suit against the firm, asking $250,000 damages.

Mrs. Virginia Minor of Hanoverton claimed that Swift and Co. of Cleveland processed and packed the pork on Jan. 7, 1960.

Two days later, the suit charges, she bought two and one-half pounds of the spareribs in a market and became ill after eating it.

The woman said she became violently ill and contracted trichinosis. This ailment led to epilepsy, requiring extensive treatment.

Mill Valley Planners

The Mill Valley Planning Commission will consider at its meeting at 8 p.m. today the granting of planned unit development for a subdivision of 52 acres comprised of approximately 50 lots in an area bounded by Camino Alto on the East, Corte Madera town limits on the north, the Silberberg property on the west and Marin Municipal Water District property on the south. The property is now unclassified.

36 Seek Job As Kentfield School Chief

Thirty-six persons have applied to date for the position of superintendent of the Kentfield School District, the district board learned last night.

The board will meet at 8:30 a.m. Saturday at the Woodlands restaurant in Kentfield to hear the recommendations of a screening committee for the superintendency.

Six teachers discussed the fifth grade program last night before the board. Kathleen Small spoke on arithmetic, Mrs. Corrine Giampoli on physical education and science, Garriele Lohnberg on social studies and art, Janet Wanger on language arts, Mrs. Joan Mibach on reading and Mrs. Frances Brodie on vocal music.

Name Twist Involved In Crash Story

Paul Stanley Walsh of 1027 Las Pavadas Street, San Rafael, was wrongly identified in yesterday's Independent-Journal as having been apparently responsible for a double crash on Highway 101 Saturday.

Walsh was victim rather than cause of the mishap and his name was transposed in error with that of Jack Lepinski of 1446 Buchanan Street, Novato.

California Highway Patrol investigation showed that Walsh's car was struck from behind by that of another vehicle, believed to have been that of Lepinski although Lepinski later denied involvement in such an incident.

The following car passed that of Walsh, then slacked back and struck the front of the Walsh vehicle, Walsh told the highway patrol.

Information gathered by the patrol was in the hands of the prosecuting authorities today for possible action but no action has as yet been taken. Walsh clearly was in the position of victim, in no way deemed responsible for the accident, and the Independent-Journal regrets its error in making him appear to have caused the mishap.

Accident Injures Cotati Couple

A Cotati farmer and his wife were injured on Highway 101 yesterday afternoon when their car bounced across the road and rammed an earthen embankment.

Morris Gutten, 67, told the California Highway Patrol that he had no recollection of what happened. Investigation indicated that as he was driving north .7 miles north of Novato at 6 p.m. when the car drifted to a soft shoulder at the right side of the road.

Gutten and his wife, Eloa, 60, were treated at Novato Hospital for cuts and bruises.

SUPERVISORS ROUNDUP

Marin Representation In State Fair Mulled

Marin County evidently will be represented at this year's state fair in much the same way as was arranged under direction of an advisory committee last year.

This was indicated by actions taken and not taken by the Marin County Board of Supervisors yesterday.

County Administrator Alan Bruce laid the groundwork in a letter to the board which resulted in general approval of the plan and in confirmation of the advisory committee for another year, but he didn't manage to disengage himself from the "prime responsibility" which last year attached to his predecessor, D. A. Jensen.

"Last year Mr. Jensen carried a responsibility in a way that is unique in Marin County," said Bruce in suggesting that he be authorized to negotiate with the Marin Visitors Bureau as "the most appropriate county-wide organization to assume prime responsibility for planning and executing the exhibit."

But the economy-minded supervisors were quick to spy a financial angle, as Bruce recommended that up to $2,000 be advanced to the bureau, of which he estimated $1,000 to $1,600 could be recovered in premiums.

"We're already paying the administrator," commented Chairman William D. Fusselman. "You'd better play along with this for awhile."

The board appeared to approve last year's plan of "live program" on a turntable, with one static exhibit designed to attract tourists and industry. It reappointed the advisory committee composed of Chapin A. Day II, Thomas W. Peryam, Carroll A. Snyker, A. J. Bianchi and Albert A. Raymond.

The supervisors also:

1. Approved a schedule of occasional county employees' uses of county vehicles outside working hours for emergency calls, night meetings and work away from headquarters.

2. Confirmed three appointments: Leslie Murray, registered nurse at county hospital, $350 monthly; Margaret Tonge, intermediate typist clerk in Probation Department at $320; Robert Wimberly, library assistant in county library at $335.

3. Awarded Mrs. Genevieve M. Pettit, senior accounting clerk in the auditor's office, $10 on recommendation of safety commission for suggestion to replace a projecting bulletin board in the court house with one flat against the wall.

4. Approved allocation of $500 to Marin Rod and Gun Club.

Thieves Raid Building Sites; Loss At $500

Thieves raided three construction sites in Terra Linda and made off with almost $500 worth of equipment, San Rafael police learned yesterday.

Most of the thefts apparently occurred during the weekend.

Biggest loss was reported by Joseph R. Sarubbi, foreman of Webster Plumbing Co. of Hayward, at 11:30 a.m. yesterday. He said burglars broke a padlock off the company's tool shed and stole $393 worth of drills, copper tubing, faucets and valves.

From the Pacific Gas and Electric Co. construction site about one-quarter mile from the end of Trellis Drive, the burglars stole 12 lanterns and two taillights from a welding cart. Foreman Ralph P. Hendricks of 2060 Redwood Highway, Novato, reported the $30 loss yesterday.

John A. Carlson of Oakland, superintendent for Kenny Development Co., reported vandals had smashed three windows with rocks and pelted a patio glass door with B-B's, causing damage estimated at $71 to homes at Tamarack Drive and Tanbark Terrace.

Grading Work On School Stars Soon

Grading of the latest elementary school site for the San Jose School district is expected to begin tomorrow—if there is no rain.

Grading and site compaction are more than six weeks behind schedule at the site at San Jose Boulevard and Sunset Parkway because of wet weather and unstable earth.

If work begins tomorrow, it is expected to be completed in a week, barring rain, Supt. Phillip Schneider said today.

Schneider said he will recommend to district trustees that they accept the low bid of $455,717 by Reynolds Construction Co. of Santa Rosa for site development and construction of the seventh and eighth grade school.

Approval of the bid had been held up because a $1,600 item for "erosion control and seeding" was written as $16,000 on the bid. Other contractors at the bid opening Feb. 16 asked for clarification from the county counsel's office. Schneider said an opinion from the county indicates that the bid is acceptable as apparently the mistake was unintentional.

Mounted Patrol To Sponsor Show

A blue ribbon horse show will be held at the Circle V Ranch in Fairfax on March 12, it was announced today.

Sponsored by the Four M Women's Mounted Patrol of Marin, the show will include 13 classes and a special award for a color guard. Judging of events begins at 9 a.m. The color guard will enter at 1 p.m.

Judging will be Maria Silva of Novato. Norman Johnson will serve as ring steward. Announcing will be Jan Farnsworth.

The Four M patrol was organized in 1946 and is the oldest deputized mounted women's group in California.

Marin Bay Sewer Plant Contract Let

A San Diego construction company, which has been building launching pads for the Air Force, was awarded the contract for constructing the Marin Bay sewage treatment plant and pump station by the San Rafael City Council late yesterday.

William R. Crail Construction Co. submitted the low bid of $126,764 out of nine bidders for the job. High bid was $158,000—$10,000 above the engineer's estimate.

Daniel Coleman, engineer for Latipac-Perini Co. developer of Marin Bay, said construction is expected to take five months.

The sewage treatment plant, costing $94,024, will be located about 500 feet west of China Camp. It is the first phase of a treatment plant planned to serve 16,000 persons ultimately. This phase is designed for 400 homes.

The $32,730 pump station will handle the sewage for the 208 homes in the golf course community. The station itself will be located on the golf course. Both facilities will be turned over to the San Rafael Sanitation District when completed.

A representative of the construction company told the councilmen that Crail has been working at Cape Canaveral and Vandenberg Air Force Base, specializing in missile launching pads, for almost two years. The eight-year-old company has also worked on water and sewage projects for the County of Los Angeles.

Also at the special council meeting, which convened at 5:15 p.m. in the city hall, two public hearings on the Marin Bay assessment district were held. As Latipac-Perini is the sole land owner, there were no protests.

The council adopted resolutions forming the district, accepting the engineer's report and levying assessments on individual lots by a three to one vote (Councilman David Mendary voted against it because he said the city needs a "hold harmless" clause).

The council also confirmed the sale of certain facilities to the three major utilities companies for $1 each. However, Norris Rawles, supervisor of public works, asked the council to keep the light standards for the city and the electricity rate would be cut in half. The council agreed and also retained ownership of the fire hydrants.

Peter Hunt, attorney for Latipac, told the council that the $2,457,930 worth of bonds will be issued April 2, at which time the city treasurer will sell them to investment bankers Stone and Youngberg for 91 per cent of par value.

Councilmen agreed to let the contract even though the money won't be available until at least April because the contract states that Crail will be paid only as money is brought in by the sale of bonds.

In other action yesterday, the council asked Coleman, who is also drafting a streets and highways plan for the city, to talk with five planning consultants and set up a meeting between the council and the best and most reasonable consultants.

The planning consultant will work with Coleman in preparing a general plan for the city.

Sewer Facilities Plans Approved In Belvedere

The Belvedere City Council, in a special meeting last night, unanimously approved plans and specifications for the interceptor and outfall system for the city's expanded sewer facilities.

Councilmen heard a presentation by John T. Norgaard, representing the chemical engineering firm of Brown and Caldwell, which they approved. The city has applied for a $48,600 federal grant for construction.

The firehouse area of the community hall was approved for immediate improvement and expansion and plans were returned ot architects J. Francis Ward for an estimate of the remodeling. The upstairs area in the hall was set aside for future remodeling but "the firemen have waited a long time for this," councilmen said.

A flag for the city has been donated in memory of Mrs. Carl E. Hoppe by two Belvedere families, Councilman Ida E. Scott announced. Donors are Mr. and Mrs. David Mushet and Mr. and Mrs. Evan T. Pugh.

The council asked the recreation commission to review a 60-foot by 40-foot area to be used for a pumping station to see if some recreational use could be made of the property.

2 Volunteer To Do Work On Clubhouse

Two members of the Novato Community Club have volunteered to begin work on the clubhouse to bring it up to fire safety requirements.

The club's board of directors last night accepted the offers of Vincent McGovern and Edward H. Hamann to install "panic bars" on exit doors and construct a new exit and steps on the north side of the building.

Club directors also agreed to ask for bids on installation of a fire escape from the second floor apartment in the building.

The moves came after Novato Fire Department officers had repeated requests the building meet safety standards. The clubhouse is used for dramatic and variety shows, dances and meetings by club members and is rented to others.

The board named Rita Colangelo, Richard Casey and Sheldon Nickols as a nominating committee for next year's officers. Officers will be elected at a membership meeting to be called in April.

Members of the garden section of the club made their monthly motion to give the clubhouse to the City of Novato and again were turned down by a 7-2 vote of directors.

Gets Proficiency Pay

George O. Ford, Navy aviation electronic technician third class, son of Mr. and Mrs. Edwin G. Jeppessen, 1407 Dawes Street, Novato, was recently awarded proficiency pay for outstanding service with the Navy Pacific Airborne Early Warning Barrier Squadron detachment on Midway Island.

CORTE MADERA TOWN PARK GETTING TREES

Planting of trees in Corte Madera's town park is underway in the area facing Tamalpais Drive.

Town grounds keeper George Paraspolo has planted the first section of two-foot high trees, grown from seedlings in the town's own nursery. The seedlings were bought from the state about a year ago.

Ponderosa and sugar pines and Chinese pistache, a deciduous tree, have been planted, Paraspolo said. Within a year, several thousand trees will have been planted.

Another section of trees will be planted starting Thursday. The town street crew is assisting Paraspolo.

Drunken Driver Gets $236 Fine

William John Carnaghan, 46-year-old San Rafael sheet metal worker paid $263 fine and lost his license for 90 days Friday in Marin Municipal Court for drunken driving.

Judge Harold J. Haley also put Carnaghan on one year probation. Carnaghan, who lives at 208 Mirada, San Rafael, was caught after an accident at Fifth and Irwin Street in San Rafael on Feb. 11.

Byron Quinn Clayton, 46, of 420 Belle Avenue, San Rafael also drew $263 fine for driving while intoxicated at Third and Irwin Streets in San Rafael on Feb. 15. The judge put him on six months probation and restricted his driving for 90 days.

Lot Zoning On Agenda Of San Rafael Planners

Proposed rezoning of 19 lots between Bayo Vista Way and Scenic Avenue from single-family to duplex is scheduled for a second public hearing before the San Rafael Planning Commission at 7:30 p.m. today in the city hall.

Developer Edward Halperin of Fairfax has also submitted a tentative subdivision map for consideration tonight showing 14 duplexes and five single-family homes on the hillside lots north of the Miracle Mile.

At the last meeting, Raymond Morrison, former planning commission chairman, who lives at 16 Bayo Vista Way, submitted a 58-signature protest petition. Since then a 22-signature protest petition has been received.

Second public hearings will also be held on rezoning the 56-lot Cypress Point annexation from unclassified to single-family and an amendment which would give city planners architectural control over every new building in the city except single-family homes and duplexes.

Commissioners will consider tentative subdivision maps for the 45-lot Dominican Heights Unit 2, northwest of Dominican College, and the 56-lot Oak Woodlands Unit 2 at the end of Convent Court. The final map on the 52-lot Terra Linda Unit 16 to be built by Alameda Homes Corp. along Nova Albion Way will come up for consideration.

San Anselmo attorney Robert Praetzel is seeking use permits for two trash dumps on Francisco Boulevard near East Sir Francis Drake Boulevard. Praetzel represents Lee Mac Paving Co. of Corte Madera, C. D. Madsen, Inc., of Corte Madera and Eugene Spagnoli.

Also on the 27-item agenda are architectural approval for Shakey's Pizza Parlor on the Redwood Highway frontage road in Terra Linda, a concrete warehouse at 20 Woodland Avenue and a 10-unit, three-story apartment house at 540 Canal Street.

Three use permits for a heating service shop, stenographic business and water softener service to move into the Commonwealth Light Industrial subdivision in Terra Linda will also be considered.

Burden Of Proof Should Be Why Not Tell The Public

"Let me say this about letting the public know," the man leaned forward in his chair, rested his forearms on the table and continued with obvious intensity. "I can only say that the burden of proof should be on those who seek to prohibit the public from knowing what's going on, and that goes for governors, legislators, courts, administrative officials and everybody else."

"You mean the burden of proof as to why the public should not know?" he was asked.

"That's right," the man continued. "They should make the case for secrecy, and every time you let the people know what is going on, you get better government.

"Now there are personnel matters where you are discussing two or three people and you may want to discuss the way they wear their clothes or what kind of a wife a person has or something else, and this cannot be discussed in public, but other than that, I just feel very strongly about not having executive sessions by anybody whatsoever." He leaned back in his chair.

"You said you felt there is a real public interest in opening up the public records we were discussing," the questioner went on. "Why do you think there is a public interest in opening them up?"

"Well, I think the more the people know about what is going on in their government and the more questions that are asked about what is going on, the better legislation you will get and the better government you get."

The foregoing might well have been a guest editorial written by a newspaper editor crusading for the people's right to know. But it wasn't.

The "man" quoted is Gov. Edmund G. Brown. The quotations are verbatim excerpts from his press conference of last Friday.

Often bureaucrats belittle newsmen's efforts to force open meetings and public records on government as some sort of special privilege the press is seeking. It is refreshing and encouraging to hear our top public official expound so effectively on the true reason for open government openly arrived at.

We hope all levels of government are listening, including some of his appointees.

THREE MINUTES A DAY

CHILD LIVES DESPITE TUMBLE

A six-year-old girl proved to be about the most durable child in San Francisco history.

Little Dorothy tumbled out of a third-story apartment house window, struck a planter box on the floor below, landed on a 6-foot wooden fence and finally fell into a small concrete enclosure.

The doctor summoned to treat the youngster was astonished to find that, apart from a bruised eye and a scratched hip, she was none the worse for the big tumble.

"It's amazing," the doctor commented. "No, it's more than that . . . it's miraculous."

It is a never-ending source of wonder that Providence watches over all of us, young and old alike.

Pause a few moments each day in reflection and prayer. Count the many blessings of body and soul that you personally enjoy and for which you are entirely dependent upon a loving Father.

The more you realize the generosity of the Lord to you, the more inclined you will be to show a similiar solicitude for others.

"Fear not therefore: you are of more value than many sparrows."

(Luke 12:7)

Thanks to You, O bountiful Lord, for the countless blessings You send to each of us.

Only Bankers, Little Old Ladies Still Cling To Cold Hard Cash

NEW YORK (AP)—Call us an old sentimentalist if you will, but we hate to see the decline and fall of cash.

Cold hard cash has given way in importance to warm, soft credit.

Money is disappearing from public life. You hardly see it any more.

Remember when you were impressed by someone with a bulging wallet, you'd whistle and say, "He has a roll big enough to choke an ox" Today the roll a real big shot carries would hardly give hiccups to a mosquito.

A man is no longer known by the company he keeps, but by the number of credit cards that keep him.

Anyone who flashes a big wad of bills now is automatically put down as a pitiful showoff, a bookie or a counterfeiter.

Sensible counterfeiters must have quit making fake money years ago and turned to manufacturing credit cards. That would seem to be the real mass market.

The trend away from the public use of money must have had other impacts on the criminal world.

Veteran pickpockets still filch hundreds of men's wallets each year in Manhattan, but it must be merely from force of habit or because they are simply too old to learn a new trade. In most cases they could probably earn more by picking the gold from their own teeth.

There was a time when the working man on payday would carefully hide his earnings in his socks so muggers couldn't rob him on the way home. Not any more. He usually brings his paycheck — or what's left of it after all the deductions — home in his mouth, like a dog fetching the newspaper. He is no longer worth robbing.

The favorite targets of muggers now are little old ladies. They retain an old-fashioned penchant for cash and often have a wad of it stuffed somewhere in those huge baggage-sized pocketbooks they lug around.

But the motto of practically everyone else appears to be, "Take the credit and let the cash go."

ONLY BANKERS cling to money, as such, in large denominations. They still keep their vaults cluttered with the big green stuff, but this may be merely out of respect for tradition, too.

As space gets more valuable, they may have to buy money shredders to get rid of it, or force Congress to store it somewhere at government expense.

Yes, money itself has become a nuisance. It has lost caste. It has been replaced by that new trinity of financial prestige—the checkbook, the instalment plan and the credit card.

YET NOW and then we confess to a nostalgic feeling for the days when cold hard cash ruled the land.

With ready money you knew exactly what it would do and how far it would go. But how about ready credit? Just what will it do, and how far will it go?

Money was in style for a long time. It might come back—that's why we sometitmes wish we had held on to some.

Print The News Of Fishing !

EDITOR,
Independent-Journal:

It was disappointing on Monday evening (Feb. 20) to find no news of the successful sport salmon season opening weekend. It was exasperating on Tuesday to read the meager news you did print.

Since the Independent-Journal is a Marin County paper, we expected to read the reports about the local boats' outstanding catches and the exciting fish reports they turned in on Saturday and Sunday. Your news was of the East Bay boats and included Saturday only.

The local boats operating from the three Marin County bait shops came in Saturday with fair catches up to 15 pounds. Sunday there were 21 to 36 salmon a boat with the big news the 45¾ pound salmon caught by Harry Galbraith on the boat "Ginnie C." This is the largest fish ever taken so early in the season—a fact that the other Bay Area papers found print worthy. Monday and Tuesday and Wednesday the boats were in with early limits for all fishermen.

The size, the large number and the continued daily catches by Marin County boats are all news—unusual news—of interest to the hundreds of local sportsmen who fish from the local boats the full salmon season.

Why not print this news?

Thank You, Marching Mother

EDITOR,
Independent-Journal:

A mere "thank you" seems so inadequate to express the appreciation and gratitude of both the National Foundation and your County Mothers' March chairman for those who took part in the 1961 Mothers' March.

There are many, many who are appreciative of the efforts put forth in order that this wonderful work of the National Foundation can continue—those for whom the Salk vaccine came too late, those mothers who guard with tender, loving care, the lives of their little ones born with birth defects, those myriads of mothers-to-be praying for perfect babes, those who are crippled with arhritis, for whom life is burdensome and painful, and — perhaps the MOST grateful and heartfelt thanks from those of us who are the more fortunate parents and grandparents of physically fit and mentally alert offsping. Oh, how sincerely thankful we are.

Thank you, every one of you, and, it is our fervent hope that you will feel deep within your heart, well repaid through the knowledge that you have marched for those who cannot walk, for those who cannot romp and play and those who cannot live a normal life — marched for dimes and dollars—that research may go on, in time discovering the causes of these sufferings and inadequacies, that they may be conquered.

It is our dream that in the future, (and we pray, not too far off) that little ones will be born with no birth defects, that rheumatoid arthritis will be unheard of, and that paralytic polio will be but a dim memory of the past.

Is this too much to hope for? I think not. As we reflect upon the miraculous strides forward during the past decade, the devotion of thousands and thousands of Marching Mothers and our reliance upon and faith in God, in the days and years to come —this dream will become a reality.

Pebble-Blind View Of Medical Care

EDITOR,
Independent-Journal:

Dr. Rubinstein's pebble-blind view of medical care for the aged shows him as overlooking or misrepresenting essential aspects of the President's program.

He asks us to believe that "many persons" over 65 living on Social Security "can well afford to assume the responsibility for their own medical care."

This statement is indefensible in the light of U.S. Census Bureau figures quoted in the Senate last year by Sen. Pat McNamara that about 80 per cent of all persons over 65 have annual income of less than $2,000; about 60 per cent have annual income of less than $1,000. Thus the government estimates that more than eight million persons live in poverty, unable adequately to meet simple physical needs of food and shelter let alone complicated medical needs.

He opposes "community funds" and "the community as a whole (incurring) this additional burden" of medical care for the aged. On the contrary, the President's plan proposes that those covered by Social Security—not the community at all—contribute to the medical-care plan.

Granted, it is desirable that "individuals be expected to be responsible for themselves," as Dr. Rubinstein puts in with the profound 18th Century logic of laissez faire, not unlike the me-forme motivation of the American Medical Assn. lobbyists.

But this view overlooks common sense, to say nothing of rudimentary humanitarianism. It is a fundamental of the shared-risk principle that citizens provide jointly what they will not—or often cannot—provide for themselves. Else why have police and fire protection (or any insurance whatever) when the "responsible individual" has no need for it?

Surely our old people, who one day will include Dr. Rubinstein, deserve some protection in this, the country of "the world's highest living standard."

I-J REPORTER'S NOTEBOOK

By ELLEN BRY

They Talked Of New North Bay Junior College 35 Years Ago

They're talking about the possibility of starting a new junior college district with parts of north Marin and Sonoma counties.

It would mean that Petaluma would have to change its position of 1926, when a junior college district was considered. The Petaluma high school board in that year declined to sign a petition favoring the college.

It was estimated at that time that the cost of educating a pupil would be $20 per year. The enrollment was expected to be 500 students.

An article in the Marin Journal that year goes on to say what so and so said. Your eyes wander to another column:

"CYRENA VAN GORDON, prima donna of the Chicago Opera Company, believes in the flapper and her privileges. She believes in the practice of this much-discussed person in wearing no corsets, in waring short skirts, going in for athletics and outdoor life and in thoroughly upsetting the theories and practices of her mother and grandmother."

In another column:

"San Quentin's 57 Chinese inmates sat down to a sumptuous banquet Feb. 12, a celebration of Chinese New Year."

The Orpheus theater in San Rafael was showing "The Mystic" and "Papa Be Good" with a kiddie matinee of Mack Sennett's "Down On the Farm."

Sunday, Weber and Fields in "Friendly Enemies," was on the bill; Monday and Tuesday, Monte Blue in "The Limited Mail," a thrilling railroad story.

TO ROUND OUT the week, Paramount's great educational picture, "Grass" was on Wednesday; Thursday and Friday, "The Ancient Highway," a comedy scream was on the silver screen.

An advertisement said:

"Homemade ravioli at Mrs. Alberigi's, 101 First Street. Please leave your order one day in advance."

M. B. Bouissevain, in his weekly column of agricultural notes, reported that the Point Reyes Station Farm Center was organized the night before (Feb. 17); that the Novato Farm Bureau was planning landscaping and cleanup bees.

THAT DAY, the Journal reported that The Santa Rosa-Petaluma and Sausalito Stage Co. was asking for a franchise to extend their line from Novato to Napa.

No excursion into the back files is complete without a look at the food advertisements: fancy small rib steak, 28 cents a pound; ham, 33½ cents a pound; cocoa, two pounds for a quarter.

IT WAS A BIG sale day.

One store was offering a free quart of milk and free loaf of bread with the purchase of a pound of Calinut (anyone know what Calinut is?); and a free pound of prunes to anynoe who'd buy anything.

But off to the cinema again, to see "Sneezing Beezers," Norma Shearer, Conrad Nagle, Rod LaRocque in an assortment including "The Auction Block," "His Secretary," and "The Only Thing."

Governor Moving In Small Steps To Get Government Reorganization

SACRAMENTO (C N S) — Sometimes half a loaf is better than none, especially if it's pretty apparent you can't get the whole one.

This seems to be the situation this year with reorganization of state government, as proposed by Gov. Edmund G. Brown and now under consideration by the legislature.

The governor has proposed, as part of his program, the creation of four new major state agencies: corrections, health and welfare, agriculture and resources, and transportation. They would combine 10 existing departments.

IN HIS MESSAGE to the legislature, Brown proposed a $25,000 a year salary for each of the directors of the super agencies. This proposal was quick to run into charges of "extravagance" by Republican members of the legislature.

In past discussions, the financial expert of the legislature, Legislative Analyst A. Alan Post has said the high salaries for new super administrators would not be much of an expense if savings could be effected through the new agencies.

Brown announced two assemblymen (Winton and Petris) would carry his program.

HOWEVER SENATOR Randolph Collier (D-Yreka), veteran member and an expert on highways and transportation problems, has introduced his own bill for a transportation department. It is the result of extensive interim studies and would differ from the governor's plan in two ways. It would not set up a new director, but have the director of public works head the agency; it would not set a salary of $25,000.

While the plan differs somewhat from the governor's, Brown has agreed to support the Collier bill, as part of his reorganization program.

Nowhere in the reorganization picture, except in bills which are not expected to be passed, has there been any mention of combining the tax collecting functions of the state. This has been tried in previous sessions of the legislature unsuccessfully.

THUS, THE GOVERNOR in leaving out the tax functions of the state in his major plan, is asking only for a portion of the re-organization necessary to insure the ultimate in a new super-government.

However, in tackling the re-organization problem piecemeal, the governor is giving himself better odds on its passage. Complete re-organization in one session of the legislature, with all the ramifications involved, probably never would be accomplished.

Showing that the re-organization request is modest, the governor said recently, "I propose we now provide only for an administrator and a small staff. His function would be to act as the means of communication to and from the governor, and to co-ordinate the activities of the departments, commissions and committees as we now know them. From this experience, I am confident we will develop new concepts of operation which will eliminate both waste and duplication."

ONE OF THE CURSES of present day government is duplication, both as to type of work, and the number of state employees doing the same things. Whatever duplication can be tossed out of the picture would be, under the proper guidance, a benefit to the state's taxpayers.

PLEASED WITH PROGRESS

Church Order's Head Visits Marin School

By MAYBELLE SPECKMANN

Children at Mill Valley's Our Lady of Mount Carmel School are outdoing each other in exemplary behavious this week, not only because of a new honors system, but because the superior general of the Order of the Daughters of Mary and Joseph is paying her second visit to the parish.

A native of Belgium, Rev. Mother General Marie Eulalie lives in the mother house in Brussels. She paid her last visit to Mill Valley in November, 1958, when she made her first inspection of convents of the order in this country—all of which are in California.

Yesterday when interviewed again—during her first visit this year to the school—the reverend mother general in her charming French-accented English described her delight with the progress she has noted and with the warm welcome she received Sunday.

"About 400 people came to the Mass offered for the intention of mother general and attended the breakfast honoring her afterward at the outdoor art clubhouse," said Rev. Mother Mary Agnes, principal of the school. "They wanted to thank her for sending her nuns to be teachers in our school."

The presence of the superior general was not the only reason for the model behavior of the pupils. The award, an honor plaque, for a new system of incentives to obey school rules and promote courtesy and dependability had arrived just before the superior genral came to the school, and the principal explained its use.

"The way behavior has improved since the system devised by the nuns was adopted two weeks ago is amazing," Rev. Mother Mary Agnes said.

"A child is given a little ticket signed by his teacher every time he obeys a rule or is courteous and thoughtful, and at the end of the week the class having the most tickets receives the award to keep for a week."

The eighth grade has won for two consecutive weeks the plaque which is awarded for fourth through eighth grades.

"Smiley, a little choir boy with nodding head—so named by first graders—is the award for first through fourth grades," she added.

The superior general expressed her approval of the system and went on to discuss the broadened aims she has been emphasizing for her order since her last visit.

"We formerly stressed only teaching, but now we feel that you cannot separate a child from his family so that in order to help him we must work more with families," she said.

This means, she pointed out, that the nuns will go into homes to help with such problems as emotionally disturbed children, or even to assist as nurses' aides with illnesses.

"So there is a place now in our order for all kinds of professions—nurses, doctors, counselors and others, as well as teachers.

"My ambition on my next visit is to be able to tell you what we are going to do for mentally retarded and handicapped children."

The superior general continued with high praise for the new convent built since her last visit, added that she is also proud of the two new missions established since then in Uganda, British East Africa, one at Mbarara and the other at Fort Portal.

"We are moving our novitiate in Brentwood, Calif.—that is the training house for American girls in our order—to a larger house at Palos Verdes that will be opening in June," she said, "and I am sure Mill Valley people will be interested to hear that Rev. Mother Paula Marie (former principal at Our Lady of Mount Carmel School) will be in charge."

The superior general will end her visit to Mill Valley tomorrow.

Sausalito To Observe Sister City Anniversary

Sausalito's first anniversary of the city's affiliation with its sister city, Vina del Mar, Chile, will be honored at 12:30 p.m. Saturday in the Vina del Mar Plaza.

Festivities will be coordinated with North American Week, which is being held starting March 6 in Chile, people-to-people chairman Mrs. M. Justin Herman said today.

The Sausalito program will include speeches by Mayor Philip S. Ehrlich Jr. and James M. Bellino, Sausalito Lions Club president.

Robert E. McCabe will be master of ceremonies, presiding over dedication of a bronze plaque which has been placed at the base of one of the stone elephants which stand at the plaza's main entrance. The plaque was donated by the Lions Club.

The Sixth Army band from the Presidio of San Francisco will play.

Bayside School second and sixth graders will sing songs in Spanish and Boy Scouts and Girl Scouts will take part in a flag ceremony.

Ceremonies are to be held in the city hall if it rains.

Air Tragedies Bring Suggestion Of Platooning Teams On Flights

CONNOLLY

There is nothing wrong about air transportation. It's a great time saver. The public like it and, because of that, it has grown into one of our most prosperous enterprises.

As a general rule I like to skip along a peaceful path looking at the humor to be had out of life rather than the unpleasant things that tend to curdle the soul.

But lately I'm getting scared of what might happen to the S. F. Giants in event of an air tragedy.

It is not necessary that we enumerate the complete list of hazards a ball club is subject to in order to be in Philadelphia one day, Los Angeles the next, or San Francisco. The game of baseball is a big business racket. And it lends considerable financial assistance to athletes.

But the important thing is that baseball has had a great life, a grand time, owners have prospered, players have become important and rich, people have enjoyed the sight of seeing players in San Francisco on Tuesday who left Pittsburg the day before. It has created a terrific curiosity.

AND YET every once in awhile we pick up the daily fish wrapper and learn that an entire corps of ice skaters flipped into their graves from a high powered jet; an entire football team was wiped out; a soccer team was busted up in an air tragedy.

What I am really concerned about is the fact that the complete ball club goes on a single plane. And if anything should happen, the whole gang is through.

ONE OF these days, and I think soon, the owners are going to begin figuring the cost of their replacements. And when they get down to figuring it out, they'll probably use the two or three platoon system of transporting their precious timber from town to town.

In the old days the managers used to ship players ahead of the vanguard. They sent pitchers a day ahead or even two days ahead of the main squad, not for the purpose of safety but for the sake of getting them acclimated or ready for action when the main squad arrived.

I think splitting up the air travel on various flights is better than carrying "all your eggs in one basket."

I hope one of these days, the owners, the airlines and the insurance companies, who carry the policies on such valuable athletic material, will make the suggestion.

MY UNCLE MIKE said that he never expects to get a strawberry on his thigh from sliding into second base.

"The only time I will be disfigured, in an airplane, is when I sit down on a porcupine," Uncle stated.

Uncle Mike says it is not necessary to make it public, but his a very good driver and wouldn't mind being hired to drive some of the ball players from San Francisco to Los Angeles.

"All I'll ask Mr. Stoneham for is the price of the gasoline and my tickets into the Coliseum," he said.

High-scoring Connie Hoetger was named the most valuable member of the 1960-61 Tamalpais High School varsity quintet at the school's annual basketball banquet last night at the Mill Valley Masonic Hall.

Other varsity awards included the naming of ace rebounder Pete Dornbach as the squad's most inspirational performer and the selection of junior center Pete Bardea as the most improved player.

On the "B" squad, Art Foster won most inspirational and Bill Gillingham most improved honors. On the C team, James Bullock was honored as the most improved. And on the C team, James Bullock was honored as the most improved. And on the freshman-sophomore squad, Tom O'Neill was selected as most improved.

Guest speaker at the banquet was Pete Paletta, University of San Francisco basketball coach. He stressed the importance of desire on the part of the individual athlete, and also impressed upon the young cagers the necessity for maintaining good school grades.

Golden Staters Defeat Klein

The Larrien brothers accounted for 36 points between them with Bob collecting 20 and Ed 16 as Golden State trimmed Klein TV 50-45 in a well-played San Rafael Recreation Department C League basketball game last night.

High point honors for the contest, however, went to Brad Byron with 23.

The Ross Raiders outlasted the Probation Department 66-58 despite Chuck Moore's 31 points. Butch Hallinan and Bob Ostaggi tied for point honors for the winners with 17 apiece.

In last night's third tilt Dumont buried Ghilotti 64-38 after a close first half.

CULVER CITY (UPI) — Negotiations are underway to televise at least 39 of the scheduled 122 matches during the first season of the newly-formed National Bowling League.

KUENN EAGER FOR ACTION AT ANY SPOT

PHOENIX, Ariz. (AP)—Everybody except Harvey Kuenn seems worried about where he'll be playing for the San Francisco Giants this season.

Already mentioned are left field, right field, third base, first base and short. It's certain the former American League batting champion won't be the relief pitcher the Giants want.

Asked about his preferences, the big athlete answered, "I don't think it makes much difference as long I can play."

Manager Alvin Dark plans to give him work in the outfield and at first and third during the first month of spring training.

"It wouldn't hurt to play him a little at shortstop either," the new manager added. "But I don't plan to play him at shortstop."

Asked if he thought Candlestick Park, despite its wind, would be good for him since there is plenty of room for line drives, Kuenn replied, "Lots of fellows have told me that and I hope they are right."

Dark and Vice President Chub Feeney both hope Kuenn will become the team leader the Giants have lacked in their seasons in San Francisco.

"He's got a good chance to be the team leader," said Feeney.

Tribe Looks To Kirkland For Power

TUCSON, (AP) — Cleveland needs a power hitter, and outfielder Willie Kirkland hopes he's it.

One thing Kirkland was sure of as he began his first season with the Indians—if he never again sees San Francisco's Candlestick Park, it will be too soon.

He figures the park cheated him of at least 10 home runs in 1960 when he was with the Giants. That's why he is so glad to be with Cleveland.

He's been billed as the power hitter Manager Jimmy Dykes so sorely needs. In three major league seasons he's hit 57 homers.

'All I can do is try," the husky 27-year-old outfielder declared.

"I know one thing for sure—at least I'll have a chance to hit some home runs now.

"The Giants expected us three Willies (Mays, McCovey and Kirkland) to do great things last season. But we didn't have a chance. It's impossible to do anything in a ball park where the walls are out of sight."

Pilots Would Just As Soon Forget Season

SAN FRANCISCO (AP) — For the first time in a decade, Northern California basketball coaches were virtually unanimous in their relief that the season is just about over.

The balance of power shifted to Southern California this year and coaches made no bones about it Monday at the weekly basketball luncheon with writers and sportscasters.

GAELS IN RUNNING

St. Mary's is the only team from the area that still has a crack at the NCAA playoffs. The Gaels are 7-2, with three games left. Loyola of Los Angeles leads the West Coast Athletic Conference with 8-2. Should St. Mary's and Loyola wind up tied for the WCAC title, they would play off for the NCAA berth.

The writers divided Player of the Week honors among three—Bill McClintock of California, Ed Thomas of the University of San Francisco and Tom Meschery of St. Mary's.

STARS PRAISED

Bob Feerick, coach of Santa Clara, said, "Meschery and McClintock are as good as anybody we've turned out in the Bay Area. Thomas is a dandy, too, but he's a sophomore and the other two are seniors. He'll be right up there before he's through.

Bonnies' Hold On Runner-Up Spot In Cage Poll Shaken

By ASSOCIATED PRESS

Unbeaten Ohio State, just two games away from a perfect season, has turned the voting for the nation's No. 1 college basketball team into a formality. But with the end of St. Bonaventure's amazing string of home court victories, it appears that this week's games will settle the No. 2 spot for the season.

For the 12th consecutive week, Ohio State's Buckeyes were the unanimous choice for first place of the 36-man panel of sports writers and broadcasters who make up the weekly Associated Press poll. They received the maximum of 360 points on the usual basis of 10 for a first place vote, 9 for second, etc.

St. Bonaventure, beaten for the second time in 23 games, barely held second by a five-point margin over Cincinnati 21-3. The 87-77 defeat of the Bonnies by Niagara was a shocker because it happened on their home court at Olean, N.Y., where they had won 99 straight over a span of more than 13 years.

The top ten:

1.	Ohio State (36)	360
2.	St. Bonaventure	291
3.	Cincinnati	286
4.	Bradley	209
5.	North Carolina	185
6.	Iowa	170
7.	Kansas State	150
8.	West Virginia	113
9.	Duke	104
10.	Southern California	43

Others receiving votes: St. John's, Purdue, Niagara, St. Joseph's, Memphis State, Kentucky, Mississippi State, Vanderbilt, North Carolina State, Louisville, Utah, Drake, Kansas.

Long List Of Holdouts Plague Baseball Moguls

By ASSOCIATED PRESS

Figure-weary general managers continued to be plagued by the seasonal contract signing headache today as major league baseball's official midnight holdout deadline approached with a long list of players still haggling over terms.

The transplanted Minnesota Twins hold a secure lock on first place with eight dissatisfied members, including such key personnel as long-distance hitters Jim Lemon and Harmon Killebrew and pitchers Jack Kralick and Camilo Pascual.

In all 35 players remain to be signed—11 in the National League and 24 in the expanded American, although some clubs already have classed their non-reporting operatives holdouts after instituting early arrival dates this year.

The Twins, who have moved their franchise from Washington, admitted that Lemon, a .269 hitter with 38 home runs and 100 RBI last season, and Kralick were proving difficult to sign, but said they didn't expect too much trouble with Killebrew and Pascual.

Other former Senators reluctant to ink contracts are outfielders Pete Whisenant and Lennie Green and infielders Reno Bertoia and Jose Valdivielso. Second baseman Billy Gardner agreed to terms Monday.

The Milwaukee Braves signed pitcher Lew Burdette and infielder Billy Martin, reducing to five those unsigned and only outfielder Wes Covington apparently ready for a long holdout siege.

First baseman Joe Adcock, utility infielder Felix Mantilla and catchers Joe Torre and Merritt Ranew also have not signed contracts.

The Chicago White Sox officially classed shortstop Luis Aparicio, third baseman Billy Goodman, infielder Tony Roig and pitchers Bob Shaw and Turk Lown as holdouts yesterday when they formally opened training.

Among the clubs with lesser headaches, sueh top players as Detroit outfielder Charley Maxwell, Kansas City pitcher Ray Herbert, New York infielder-outfielder Hector Lopez and Cleveland pitcher Barry Latman have not come around.

Carbo's Trial For Extortion Resumes

LOS ANGELES (UPI)—The extortion and conspiracy trial of Frankie Carbo and four others resumes today while defense attorneys go before a higher court to secure bail for four of the defendants.

Carbo, 56, reputed underworld boxing king, Frank (Blinky) Palermo, 54, Louis Tom Dragna, 40, Joseph Sica, 49, and Truman Gibson Jr. are charged with attempting to muscle in on the earnings of former welterweight champion Don Jordan.

Two More Teams Gain NCAA Spots

Kansas State, Marquette Clinch Berths In Big Hoop Tournament

By ASSOCIATED PRESS

Kansas State's Wildcats and the young Warriors of Marquette have joined the lineup for the NCAA basketball championships, bringing to eight the number of schools set for the 24-team national tournament next month.

Kansas State clinched the Big Eight Conference's assignment in the tournament, whipping Nebraska 77-67 last night—an hour or so before Marquette announced acceptance of a bid to play as an at-large team in the NCAA's Midwest regional.

It's possible the Wildcats now 19-4 and ranked seventh nationally, and the erratic Warriors, 12-9, will wind up playing each other in the second round of the tournament.

Eddie Hickey's Marquette club, making its third NCAA appearance, will play another at-large selection, Houston, at Houston March 15. The winner will advance to the Midwest regionad at Lawrence, Kan., March 17 against Kansas State in a doubleheader that will also match the Missouri Valley and the Southwest Conference champions.

Texas Tech, still leading the Southwest Conference, failed in its bid to join the NCAA lineup last night—losing 95-91 in overtime to Rice at Houston. Tech at 10-3, has clinched at least a tie for the SWC title but Arkansas and Texas A&M both are 9-4 and could share the title and force a playoff or coin flip unless Tech beats defending champion Texas in its last loop game on Thursday.

KENTUCKY WINS

Kentucky, on an eight-game winning streak in a desperate bid for an NCAA berth; Iowa, Mississippi State, Vanderbilt, Xavier of Ohio, DePaul and New Mexico State won other key games on last night's college program.

Kentucky, with Ned Jennings scoring 23 points, crushed Auburn 77-51 for a 9-4 with one to go, beating Georgia 87-76 and their duel for the runner up spot took some of the spotlight from Mississippi State, which clinched the Southeastern Conference title with an 11-2 record after clipping Tulane 62-57.

Mississippi State, now 19-4 overall; will not play in the NCAA tourney because of the unwritten state law against competition with Negroes. As a result, the next eligible team in line — Vanderbilt or Kentucky—will draw the tournament assignment.

Both Arkansas and Texas A&M kept alive in the SWC race — the Porkers beating Southern Methodist 88-82 in overtime, and the Aggies routing Baylor 90-69.

DISCHINGER HOT

Iowa, sixth ranked nationally, overcame a 35-point performance by Purdue ace Terry Dischinger and beat the Boilermakers, 73-62. The Hawks now are 9-2 and could share the Big Ten title with national leader Ohio State should the so-far unbeatable Bucks lose their last two games while Iowa won its last three.

Wilt Shoots For Point Mark Tonight

NEW YORK (AP)—Wilt Chamberlain is expected to break his single season National Basketball Association scoring record early in tonight's game against Los Angeles when his Warriors play hot to the Lakerlain is expected to break his single season National Basketball Association scoring record early in tonight's game against Los Angeles when his Warriors play host to the Lakers in Philadelphia.

Chamberlain moved to within six points last night when Philly beat the Lakers 113-88 in Los Angeles and he scored 35 points. An ice-cold first half during which he scored only three points kept him from breaking the mark of 2,707 he set last year as a rookie.

Counting last night's game, Chamberlain has scored 2,702, and still has five more regular season games left after tonight.

Wilt has a 38.0 average, well ahead of the Lakers' Elgin Baylor who has scored 2,305.

Cincinnati rookie Oscar Robertson and Bob Pettit of St. Louis, both of whom face each other tonight in New York, are battling for the third spot. The Big O has scored 1,993 points and Pettit, 1,958.

The FISHIN' FOOL

By RALPH STEVENS,
I-J Fish and Game Writer

Steelheading Is Almost Over, But Striped Bass Still Await

STEVENS

As this column is printed there are only hours before the winter steelhead season becomes history. The quest for the hardest fighting game fish in all the Americas is about over.

According to the few reports that have come to hand, the average catch per rod on the weekend was around one fish for every 26 fishermen. It was somewhat more on a few streams and quite a bit less on a few others. All-in-all it has been a rather poor season.

But, nature has a way of taking care of its own. The more surviving fish the greater the number of fingerlings to work their way to the ocean and live and grow and return next year or the year after in greater numbers. So cheer up. You'll get yours the next season.

NO NEED, however, to hang up the rods and reels. There's still plenty of opportunity to use the same light outfit on striper that you used for the steelhead. And I mean right now. Striper striving is really worthwhile at present.

Talking to Harold Boenner of Lee Anderson's Bait Shop in Oakland, I learned that the good ship Keesa took 13 nice sprightly striped bass up to eight pounds in weight, fishing off China Camp. And the Millie Linn, out of Dowrelio's Harbor at Crockett, took 23 bass up to 14 pounds off Buoy 7. Pete Rivers called to tell of Ed Binkley landing a striper weighing 19 pounds, 10 ounces in Old River. Harold Boenner mentioned that on Saturday Edward August, landed two stripers to 16 pounds, 7 ounces while bait fishing off China Camp.

Some very good news of bass trolling activity came in Sunday. The boat Betty Jean netted 12 bass to 10 pounds trolling on the Berkeley Flats.

THE QUANS, operators of China Camp, did a bit of mild raving over the good bait fishing in the shallower waters; Tony Caruso of Caruso's Sausalito spot coppered that bet and added trolling the California City-Richardson Bay area. The lads and lassies who tried their luck out of Joe's Launching at Santa Venetia did a "land office" business on Saturday. Sunday it was a bit on the windy side in the a.m., but leveled off around noon.

Out of Crockett (Dowrelio's Harbor) Rodeo, Richmond and the Point San Pablo Harbors, the word was: "They're here, come and get 'em!"

So, with an outboard motor, a good pal and real light tackle (the same as used for steelhead) you are sitting pretty.

REGARDING the salmon trolling outside the Gate: The Duxbury Reef sure has yielded is yielding, and will likely continue yielding beaucoup salmon of medium size. From one contact, Lee Anderson's Bait Shop in Oakland, the score for Saturday was: Skipper Jimmy Vitero of the Lucky Day, 10 salmon to 14 pounds . . . The boat Gee Gee, Skipper George Grimshaw, 19 salmon to 12 pounds . . . Frank Matthews and his Sea Horse, 25 salmon to 10 pounds . . . Privateer 2nd, Skipper Elwood Meadows, 35 salmon to 18 pounds . . . Al Bravo and his Sea Gal, 18 salmon to 12 pounds . . . The Skunk Hollow, skippered by Courtney Ranistich with only two passengers, two limits of salmon to 12 pounds.

And last of today's fishin' facts: Ernest Conolon landed two sailfish off Acapulco, Mexico. One of said fish weighed in at 185 pounds.

FRALEY OUT ON LIMB

Ol' Fearless Picks Ingemar Over Floyd

By OSCAR FRALEY

MIAMI BEACH (UPI)—Boxing men on the whole today are giving Ingemar Johansson as much chance as an ice floe off Tahiti in his bid to recover the heavyweight title from Floyd Patterson next month, but it's Fearless Fraley's studied opinion that the Swedish iron man will win.

Jack (Doc) Kearns selected the smorgasbord slammer and it raised numerous eyebrows among the cauliflower set. However, there is a suspicion that Jack Dempsey's one-time manager had a hilarious twinkle in his eye when he did it.

The betting here is strictly on Ingo's "big poonch"—and Floyd's constant vulnerability to same.

Patterson throughout his tenure in office has been floored by a number of efficiently inept warriors. The most promising of these was a young amateur named Pete Rademacher. The fact that, barring the first fight against Ingemar, he arose and came on like Whirlaway is a testimonial to his gameness but not to the cast iron characteristics of his chin.

PERFECT RECORD

Despite excessive modesty, Old Fearless must admit that he picked Johansson to win their first fight and selected Patterson in the second go-round. This comes out two for two and I can't wind up worse than .667.

There was a suspicion in this corner, heading into the first bout, that Patterson figured the Swede as another Brian London. This meant that Floyd could have reasoned that all he needed in the way of training was a shave and a haircut, but it was obvious, from the manner in which Ingo had destroyed rising Eddie Machen, that the Irish-looking Scandinavian could punch a hole in a brick wall.

DIFFERENT STORY

The second bout was a colt of an entirely different hue. Ingo had become a soft-living celebrity who played the Hollywood circuit and now it was he who felt that his right hand, known poetically as the Hammer of Thor, could knock Floyd kicking at will. This time Patterson trained with the dedication of a beatnik avoiding work. Yet, even so, Thor's hammer almost rocked Floyd to sleep in the second round.

Ingo simply didn't follow it up, standing there like a kid who couldn't make up his mind which toy to rush for on Christmas morning.

FAST FEET

There are those who contend again, as they did before the first bout, that Johansson can't box and isn't improving. With two weeks of training remaining to him, there is a feeling that he'll get up on his toes again under the able guidance of Whitey Bimstein. And, when he's right, he can move with the speed of a berserk adagio dancer.

Ingo knows that this is it and that he can't expect to face Patterson after telling the barber "once over lightly." He's working and he's serious, just as before the first bout. He knows that he has to go after Patterson and knock him out because over the full 15 rounds Patterson probably would box out a decision. But one of the major factors in his favor is that Patterson, wanting to win by a knockout, too, will come to him.

After the first bout, in which Ingo won the title, he wrapped Old Fearless in a dressing room bear hug and shouted exultantly:

"We won. We won."

I couldn't, I told him, have done it without him.

This time, either.

Wilma Rudolph Honored As 1960's Top Female Athlete

MILWAUKEE, Wis. (AP) — Olympic champion Wilma Rudolph, whose graceful movements belie her blazing speed afoot, was hailed as citizen and sports great yesterday at a luncheon honoring her as the "Female Athlete of the Year in 1960.

Ted Smiths, Associated Press general sports editor, declared that "even the Russians said this girl was the best athlete—man or woman—in the Olympics."

The students will live with families in the countries where they have been assigned for a month, then take a month's sightseeing trip with their foreign "brothers" and "sisters."

Each student pays part of the expenses of the trip, and the rest of the funds are raised locally by the schools. Those selected must be in the top half of their classes, active in extracurricular work, be interested in people in other countries and make good "ambassadors." After a screening of applicants by a local committee, finalists are selected by the main office of the experiment in International Living in Vermont.

The program started in Marin County in 1957 when two students were sent aboard. Last year 22 were selected.

The figure represetns an increase of $660,000 over permits issued during the same month last year.

Corte Madera was cited by the department as showing a "substantial increase" over last year with permits for January, 1961, totaling $461,000 as compared with $93,000 for January, 1960.

Valuation of permits issued by other Marin County cities for January, 1961, were:

Census Figures Reveal Marin Dwelling Trends

The highest concentration of population in Marin County lies in the Lucas-Gallinas Valley area, where there are 3.9 persons per dwelling unit, latest census figures reveal.

The least densely populated area is Sausalito and vicinity, where there are two persons per dwelling.

The figures were extracted from the final census figures which were officially released by the Census Bureau about two weeks ago.

The 1960 census used, for the first time, 33 newly created census "tracts" by which population units were measured by geographical rather than political boundaries.

Population figures for various areas oft he county which combined tract areas were:

North Marin, including Novato and the outlying area without Hamilton Air Force Base, 16,423; Lucas-Gallinas Valley, which includes Marinwood, Terra Linda and Santa Venetia, 14,726; San Rafael basin, including San Rafael and vicinity, 21,646; upper Ross Valley, including San Anselmo, Fairfax, Ross and Kent Woodlands, 24,661; San Geronimo Valley, including Woodacre, San Geronimo, Forest Knolls and Lagunitas, 2,039; Tiburon Peninsula, including Belvedere, Tiburon and Strawberry, 9,158; Lower Ross Valley, including Kentfield, Larkspur and Corte Madera, 16,961; Mill Valley community, including Mill Valley, Homestead, Tamalpais Valley, Muir Beach and Mount Tamalpais, 17,533; Sausalito, 5,608; Marin City, 2,519.

The number of persons per dwelling unit in the other areas are: North Marin, 3.5; San Rafael basin, 2.5; San Geronimo Valley, 2 upper Ross Valley and lower Ross Valley, 2.7; Tiburon Peninsula, 2.9; Mill Valley community, 2.5; Marin City, 3.5.

Outside of Marin City, which has a non-white population of 2,064, the most non-whites were found to live in the Mill Valley community where 274 were counted. Non-white population figures in other areas are:

North Marin, 136; Lucas-Gallinas Valley, 163; San Rafael basin, 197; San Geronimo Valley, 9; upper Ross Valley, 215; lower Ross Valley, 110; Tiburon Peninsula, 137; Sausalito, 74.

Sausalito and Marin City are the only areas in the county in which more persons rent than own homes. Owning the homes in which they live in Sausalito are 1,392 persons, while 1,116 rent. In Marin City there are 640 rented units and 11 which are owned by the occupants.

The number of dwellings owned and rented throughout the rest of the county are:

North Marin, 3,387 owned, 1,138 rented; Lucas-Gallinas Valley, 3,211 owned, 412 rented; San Rafael Basin, 3,272 owned, 3,031 rented; San Geromino Valley, 493 owned, 156 rented; upper Ross Valley, 5,750 owned, 2,136 rented; lower Ross Valley, 4,035 owned, 1,487 rented; Tiburon Peninsula, 2,050 owned, 814 rented; Mill Valley community, 4,373 owned, 1,634 rented.

North Marin, 2,385; San Rafael Basin, 1,991; San Geronimo Valley, 260; upper Ross Valley, 2,281; lower Ross Valley, 1,858; Tiburon Peninsula, 1,178; Mill Valley community, 1,911; Sausalito, 401; Marin City, 383.

Excavations have shown that Stone Age people lived in Russell Cave near Bridgeport, Ala., for more than 9,000 years.

Marin Murder Suspect Gets Week's Delay To Enter Plea

Luis S. Aldeguer, 37, charged with wounding his estranged wife and fatally stabbing taxi driver James R. Collins Jr., 38, in Mill Valley last month, was granted a one-week continuance to enter his plea in Marin County Superior Court yesterday.

Judge Richard M. Sims Jr. granted a motion by the public defender's office for another week to study grand jury transcripts and a taped statement made by Aldeguer to police.

This is the most important seat in the country

Tom here, is discovering the atom.

But the most exciting discovery in the classroom could well be Tom himself.

For he's the owner of a bright, inquiring mind—and possible seeds of greatness.

His and other keen minds should be given the chance to develop their capabilities to the fullest... for the nation's very existence depends on their growth.

Today, industry and education are uniting to help provide this chance. For its part, Standard is investing $1,300,000 this year in scholarships, research grants, fellowships, direct aid to colleges and universities, teaching aids, educational broadcasts.

Industry's investment, we believe, will be returned many times over in enriched minds and improved technology.

Students' Hour In Wyatt Home

The Students' Hour of Sausalito met last week for the first time this year at the home of Mrs. James Wyatt.

The program opened with Mrs. Hal Fletcher playing "Sonata in A Minor" by Mozart. As soloist, Mrs. N. A. Androtti sang "Lungi dal Caro Bene" by Sarti; "Un Moto di Giota" by Mozart, and 3 Persian Poems set to music by Francesco Santoliquido. The singer was accompanied by Mrs. Edgar Ross.

Mrs. Fletcher concluded the afternoon of music with excerpts from "Kindergarten Suite," composed by Mrs. Leland Connick, a member of the group. They were "Three Bears Take a Walk" and "Little Girl Swinging." The final number was "Berceuse" by Chopin.

Guests were Mesdames H. Henry Barg, Stafford Duncan, Vance Keyt and E. O. Saltmarsh.

Decorations Guild Names New Officers

Mrs. Robert L. Tuckey of Kentfield, a long-time active member of the Marin Art and Garden Center, was elected president for 1961 of the Decorations Guild at a recent meeting of the Center group.

Mrs. Tuckey replaces the 1960 president, Mrs. Gordon F. Zimmer of Mill Valley. Also elected for this year were Mrs. C. J. Bergstrom of Fairfax, first vice president; Mrs. R. L. Hibbett, second vice president; Mrs. Marion Ludlow, recording secretary; Mrs. Victor Guilder, corresponding secretary; Mrs. John C. Gilman, treasurer; Mrs. H. Gordon Beesley, who is coordinator of the Art and Garden Center, financial secretary.

Elected to the advisory board were Mesdames Russell G. Smith, Lawrence P. McNear, Beesley Zimmer.

Mrs. Dion Ramsey-Raisan was chairman of the nominating committee. The slate of officers was adopted unanimously by the membership.

James S. Goodale of San Rafael, a member of the Center board of directors and chairman of the executive committee of the Center, accepted a check from the Guild for the Center representing the "fabulous proceeds of the Christmas Greens and Decorations Sale" with thanks. He thanked Mrs. Zimmer and all her volunteers for their contribution to the Art and Garden Center. An addition contribution, gleaned through the special efforts of Mrs. H. E. Picard's corsage making and sale, came as a surprise to Goodale and the Center.

Mrs. Tuckey named Mrs. Victor Larson of San Anselmo to be in charge of field trips for the coming year. Members gather seed pods, cones, leaves and other dried materials to use in creation of the guild's decorative arrangements.

Mrs. Picard will be chairman of the "how-to-do-it" lessons offered by the group.

Mrs. Tuckey, in her announcements of plans for the coming year, emphasized the year-round preparation of topical decorations—the first ones for St. Patrick's Day—which will be on sale in the Decorations Guild building at the Center.

Other plans include courses in color and spray painting, making of wreaths and creation of decorative "trees."

Gold Star Mothers Hear Of Projects

Maude Francke was hostess to the Gold Star Mothers when its recent meeting was held at her home on Laurel Place in San Rafael.

Hospital chairman, Ethel Jordan, reported on the poppy making project at Yountville, and also urged members to donate books for the new library at the hospital. The local chapter has taken on this book project for the current year, with the slogan "Share a book you can spare." Books are brought to the monthly meetings, and taken to the hospital by Mrs. Jordan when she makes her usual visits. Blanche Carpenter, welfare chairman, reported on the needy family at HFAB, and was asked to continue her investigation of the children's immediate need for clothing and shoes.

After the business session, Mrs. Francke assisted by Mrs. Jordan, honored Mrs. Henry R. Sanborn with a farewell party in anticipation of the world tour on which she and Colonel Sanborn are about to embark. Using the Valentine colors and a bon voyage motif in her table decor, Mrs. Francke carried out her theme with a centerpiece and corsage of red camellias made by Mrs. Jordan for each guest. A gift was presented to Mrs. Sanborn.

The next meeting of the Marin Chapter will be held on March 14 at the home of Grace Barry in Ross.

Breezy, Easy Silhouette Seen In Collections Of Paris Houses

By NADEANE WALKER

PARIS (AP)—Most of the women who will wear them got their first look at the latest fashions from Paris today.

If they agree with enthusiastic buyers this season, Paris can rack up another popular success.

The designers are out to please with a breezy, easy silhouette—easy to wear, easy on the eyes, but definitely not easy to copy. Men are supposed to like short skirts, so they would be happy, too.

Reports from the end of January openings often mentioned the flapper of 1920s trend, particularly in the top-of-the-season collections of Dior and Ricci. But pictures from the openings, released today for publication, prove that the designers are not merely copying a worn-out style, but interpreting it in a way that looks new and modern. Resemblance to the 1920s comes in short skirts, often showing a glimpse of the knees, and in a waistless or long, loose-waisted look.

Pierre Cardin cut his cloth looser than anyone else for his off-the-figure sarongs. Lanvin's Castillo bucked the general trend for low-flaring skirts with his down-tapering "ace of diamonds" silhouette.

One thing all the designers agree on is a fitted hipline, and with one of two minor exceptions, a flat-chested look which also harks back to flapper fashions.

The breezy, wind-blown air that all the designers tried for is carried out in pleated and flared short skirts with blousy semi-fitted tops, and in such thin, airy materials as silk crepes, chiffons and organzas.

The fresh, pale colors add to it, too: pinks, peach, apricot, mint and lime green, absinthe and daffodil yellow, cherry red, light blues and white, with some black and white combinations and pale beige, gray and navy for day wear.

The designers can take polka dots or leave them alone. Patou and Balmain sprinkled in a few giant spots. Floral printed chiffons are so pretty they seldom failed to draw applause.

One of the most attractive ideas is floral chiffon dresses with matching unlined coast, highly transparent and really light as a breeze.

Dressmakers incidentally set hat and hair styles, and this time they've come out, almost to a man, for short cuts that have a feathery softness or finger-combed look. Hats are feather light and varied in size from great big at Cardin and Ricci to saucer-sized Balmain and Patou.

P-TA Hears Talk On Editor's Tour

The advantages we have as American citizens are worth working for and holding on to, by interest and active participation in civic and political affairs. This was the opinion given by Russell Cone San Francsco editor when he spoke before members of the John McPhail P-TA recently.

Cone went to Russia with Mayor George Christopher's party. As guests of Khrushchev, members of the group traveled 7000 miles, visited five major Russian cities, were entertained by Chiefs of State in all instances and afforded the best that Russia had to offer. Dispite this hospitality, Cone expressed a feeling of happiness and relief at being able to leave. He noted that the people are sturdy and hard working but that here in the United States we certainly "have it good" by comparison.

Milton Dawson, representing the Community Services District of the Gallinas area, spoke of the district's foundation as a result of a referendum.

Monday Book Club Marks 27th Year Of Organization

February is a month of memories for the Monday Book Club, as it was in February, twenty-seven years ago that the club was organized under the direction of a former Marin resident, Mrs. Hobart Mears. Although she did not come to California for this year's observance, as she did on the 25th anniversary, Mrs. Mears sent greetings from Oregon.

Mrs. Gordon Thomson has been the birthday hostess for many years. Her Greenbrae home was festive for the occasion when the president, Mrs. Jordan Martinelli, cut the appropriate and beautiful birthday cake which represented an open book.

All members were present except the club secretary, Mrs. Samuel Gardiner, who was vacationing in Ojai and Las Vegas country, and Mrs. Charles B. Stone, who retains her membership, even though she is temporarily living in Southern California.

Mrs. Roy A. Brown, a past president, and past secretary, presented her young grandson, Kevan Royal Brown, to distribute note pads and pencils to each member. (Kevan, son of Mr. and Mrs. Wishard A. Brown, lives on Via Chepparo just a short distance from the Thomson home at 3 Las Cerros Drive).

Mrs. A. L. Stewart gave the program history of the Trapp family, about whom a smash hit musical light opera has been made, now playing in New York with Mary Martin in the leaing role. Mrs. Stewart provided recordings.

The club plans to attend enmass when the musicale, "Sound of Music," is presented in San Francisco this season.

The club opened this fall following a summer recess in the Linden Lane home of Mrs. Brown when Mrs. A. H. Dewees gave the biography of Mahatma Ghandi.

Mrs. Stone entertained the club in October, the last social event she gave in their delightful home at 17 Reed Ranch, before selling the residence and moving south. Mrs. P. S. Harless' program was a review of a book explaining "Atomic Energy" written by a late University of California professor. (Mr. and Mrs. Harless recently enjoyed a vacation in Hawaii).

In November Mrs. Martinelli opened her charming home at 129 Mountain View, San Rafael, for a lovely luncheon. Mrs. Gardiner's program was "Back to Bach." She played many Bach recordings and gave the biography of the composer.

In December the traditional Christmas party was held in the hilltop home of Mrs. Stewart. An exchange of gifts took place.

January hostess was Mrs. Herbert Chamberlin, entertaining at her home on Circle Drive, Ross, near the Katharine Branson School.

Mrs. A. Richard Tissot gave the biography of the late John Foster Dulles.

Mrs. Dewees is looking forward to entertaining the members in March when she celebrates her birthday. The club's newest member, Mrs. Watson Bray will give the program.

It was to the Earl Bethards ranch the members sojourned in June to elect officers, hold the annual book-drawing, and enjoy a swim, preceding one of Helen Bethard's surprise luncheons.

Mrs. Harry Surratt was the May hostess and is planning soon to take a leave of absence. Her captain husband is home from the seas. Therefore this charming couple have planned a series of delightful trips upon Captain Surratt's retirement. A return visit to her native Scotland is in the offing.

The Auxiliary to the Society again this year will sponsor an opening-night at The Barn, Marin Art and Garden Center of a Ross Valley Player's comedy. They have chosen "Bus Stop," to be directed by John Brebner and starring Dorothy (Mrs. Ted) Schuster and Regina (Mrs. William) Waldon. Proceeds from the affair will go to the Marin Humane Society.

The play bubbles with gay good humor, as does the champagne to be provided by Junior Auxiliary hostesses, before, at intermission, and after the performance when the cast joins the audience for an on stage party.

ALMANAC

Today is Tuesday, Feb. 28, the 59th day of the year, with 306 more in 1961.

The moon is approaching its full phase.

The morning stars are Jupiter and Saturn.

The evening stars are Mars and Venus.

On this day in history:

In 1844, an excursion down the Potomac River ended in tragedy as a 12-inch gun aboard the U.S. gunboat Princeton exploded, killing the secretary of state and secretary of the Navy and several other government officials.

In 1849, the California, the first ship to carry gold-seekers to the West Coast, arrived at San Francisco.

In 1890, famed Russian dancer Waslaw Nijinsky was born.

In 1933, Adolf Hitler's government issued a decree suppressing civil liberties in Germany.

In 1953, representatives of Turkey, Greece and Yugoslavia met in Ankara and signed a five-year treaty of friendship and collaboration.

A thought for today: Henrik Ibsen said: "The spirt of truth and the spirit of freedom . . . they are the pillars of society."

School Superintendent Must Be Capable Jacks Of All Trades

Do you know your school superintendent? He is one of the hardest working and most capable of working men in town.

Hats off to him today!

Your school superintendent knows schools from A to Z. He knows how to teach first grade reading, and what equipment to buy for the senior language laboratory. He understands the theory of creative music, and the reasons for requiring geography drill. He knows school law, budgeting procedures, and accounting. Gifted with an ability to hire teachers and judge their worth, he can select good principals and supervisors. A knack for public relations is another of his manifold talents.

His pay? Surprisingly small for the requirements. In business the same abilities command fabulous salaries. But the superintendent doesn't get rich. His tenure of office is short in many cities. Four to six years, probably. In some places he lasts much longer. However, he always is vulnerable. Let him offend the wrong people and he'll be fired. It has happened a thousand times.

Devoted to children, he is the only school official who covers the whole gamut of education. Other school personnel have more limited interests but he must see that the interests are balanced, in the children's interest.

Many superintendents wear themselves out and die in their 40s or 50s. The lucky ones retire early. I don't know why anyone would want to be a school superintendent; but I'm glad some men do and that they perform so well.

Thank you, Mr. Superintendent!

READERS' FORUM

(Q) "Is corruption common in schools? Every other branch of government administratiton has frequent scandals. Schools don't. Why?" J.T.

(A) Corruption is rare in schools. Probably the clean administration of schools comes from the tradition of unselfish service to children, which is found in the teaching profession. School administrators are not just office holders. They serve a cause, namely children.

Older
Cream Puffs
Here are five older cars that you would be proud to own. We've taken most of them in on trade from ministers, school teachers (single and married), retired people, and doctors. We're serious—read further to find out.

'53 Pontiac 4-Dr. $350
We took this one in from (don't laugh) an elderly, widowed schoolteacher that is on her way around the world on a cruise and will take delivery of a new Buick on her return. This car has only 48,000 actual miles on it. It's a 4-dr. sedan with hydramatic, radio, heater and new tires. Clean as her blackboard the day she left her school for the last time.

'51 Buick Wagon $295
Probably the last really good Buick wagon in captivity with the rich-looking wood trim that is as good as the day it was delivered. Original paint and the interior leather trim that looks as good as the day we delivered it new in '51. Dynaflow, radio and heater. This one we took in from local executive that is ready to retire and wanted a newer car.

'53 Buick 4-Dr. . . $250
This car was purchased new from us in '53 by local doctor. Just traded back on new Buick Special. Standard transmission with heater. Runs like a top because we've serviced it since new.

'52 Buick Convert $275
A beautiful forest-green convertible on which we just put a new top. Original green-leather interior. Good tires. Dynaflow, radio, heater and lots of extras. This is really the best convert. we've seen in a long while for $275. We took this in from a part-time minister.

'51 Olds. 4-Dr. . . $195
Super 88 sedan with hydramatic, radio and heater. Original green paint that looks as good as day it was delivered. This has been a family car that has had exceptional care. You can't find a thing wrong with it. Cleaner than any '51 we've seen in years.

INCOME TAX FACTS

State Rules Differ From Federal; Check Carefully

By PETER J. WIKEL, CPA

California's income tax rules are different in many ways from the federal, and you should check every deduction and item of income before putting it on your California return.

Peter J. Wikel

Just because an item is deductible on the federal return does not mean that it is deductible on the California.

For instance — Dividends are fully taxed on California returns and there is no 4 per cent credit.

There is no retirement income credit on California returns.

California does not tax any U.S. government bond interest.

There is no child care deduction on California returns.

Medical expense is deductible only to the extent that it exceeds 5 per cent of your adjusted gross income. Also, drugs and medicines all count on California returns, but you cannot deduct more than $2,500 on a joint or head of household return or $1,250 on all others.

Charitable contributions are deductible from your California return up to 20 per cent of your adjusted gross income.

California does not tax the first $1,000 of military pay.

California does not give an extra exemption for old age.

There are many, many other differences between the federal rules and the California rules, and it is important that you check every item.

They are accused of taking 2,000 rifle shells, two revolvers, jewelry, between $30 and $100 in coin and some "trade dollars" from a barn in the San Quentin area on Feb. 11.

Judge Richard M. Sims Jr. set March 20 for sentencing.

San Rafael Man Gets Year In County Jail For Burglary

Gerald Alvin Mahle, 20, of 245 Union Street, San Rafael, was sentenced to serve one year in the county jail yesterday for the burglary of the United Moving and Storage Co. at 1035 Magnolia Avenue, Larkspur.

Mahle was arrested on Jan. 14 with Richard Charles Joseph, 19, of 371 Irwin Street, San Rafael, after a chase through Kent Woodlands which ended when a Larkspur police officer fired a shot through the trunk of Mahle's car.

At the sentencing yesterday in Marin Superior Court, Dist. Atty. Roger P. Garety recommended that when and if Mahle is paroled he be sent back to Alaska. Garety said Mahle is wanted in Anchorage for jumping bail after he was convicted of a $1,300 safe burglary.

Joseph will stand trial on a burglary charge on March 14, 15 and 16.

Innocent Plea In Road Death

Sgt. Maj. Edmund M. Thompson, 45, of Mill Valley, pleaded innocent yesterday in Marin County Superior Court to charges of manslaughter and felony hit-run driving.

Judge Richard M. Sims Jr. denied a motion to dismiss the charge because of insufficient evidence and continued the matter until March 6 for setting of a trial date. Naber was killed while he was directing another bus to give his stalled bus a push.

TWO OF A KIND...
both businessmen!

Since he launched his own business as a newspaperboy, Burt has learned many practical lessons for himself. He has also learned much from his customers. Several of Burt's customers are businessmen. They have taken quite an interest in him and have offered many helpful suggestions. As a result, close friendships have developed—friendships which will endure over the years ahead. Recently Mr. Brown told Burt: "When you get through school and want a good job, come around and talk with me. The practical experience gained in conducting your own business will be tremendously valuable to you, no matter what field you choose to enter. For this reason our society must continue to provide the opportunity for young men to obtain such experience."
